B1 Review of Performance

For the current financial quarter under review, the Group registered a total revenue of RM13.92 million with a gross profit of RM1.11 million. The Group's performance continued to be affected by the continuous slow down in demand for its pipes threading services and tubular handling services during the current financial year. Both of these services recorded a combined drop in revenue by approximately 40% when compared to the revenue chalked up in the corresponding financial quarter. The reduced revenue was cushioned to a certain extent by the improved performance of the Tubular Inspection and Maintenance operation as well as revenue generated from the drilling activities in the Southern Sumatra Indonesia.

The aforesaid factors have resulted in the Group chalking up a higher net loss attributable to equity holders of the parent for the current financial period of approximately RM2.2 million as compared to approximately RM1.2 million recorded in the corresponding financial quarter.

B2 Variation of Results Against Preceding Quarter

The Group's revenue of RM13.92 million for the current financial quarter under review is lower than that of the preceding financial quarter - by approximately 20% over the Group's revenue of the preceding financial quarter. This was mainly attributable to reduced revenue recorded by the Land Drilling Rig operation following the completion of its drilling project in Southern Sumatra Indonesia in February 2010 and continuous slow down in demand for its pipes threading services. The Land Drilling Rig operation is currently working on a new drilling project scheduled to take off in the 2nd half of the calendar year 2010.

The aforesaid factors have translated into lower gross profit with a loss before taxation of RM2.8 million, an increase of approximately 37% when compared to the loss before taxation of the preceding quarter. Nonetheless, the Group chalked up a lower loss attributable to equity holders of the parent for the current financial period of RM2.2 million due to adjustment for over provision of corporate tax and share losses by minority interest.

B3 Prospects for Financial Year ending 30 June 2010 (Financial Year 2010)

Against the backdrop of an improving global economic, the Board of Directors ("Board") is hopeful of an improvement in the oil exploration activities which are directly related to the Group's operations.

The Group will continue its vigorous efforts to maintain as well as source for new contracts and businesses for its core operations (in particular its land rig services) for both local and overseas markets. For the remain period of the current Financial Year 2010, the Group will continue to focus on the enhancement and consolidation of all its existing core businesses and with cautious view on possible expansion into other oil producing countries.

B10 Off Balance Sheet Financial Instruments

The Group does not have any off balance sheet financial instrument as at 24 May 2010.

B11 Changes in Material Litigation

Subsequent to the terminations mentioned in Note A15, the Company has procured its wholly owned subsidiary, namely KST Fishing Services Sdn Bhd ("KSTFS") to continue with the implementation of the oilfield fishing contracts pending the resolution of disputes with Gagie through legal proceedings. This was challenged by Gagie through the Suit elaborated below.

On 22 May 2007, the Company announced that the Company, Dato' Chee Peck Kiat @ Chee Peck Jan (a shareholder and director of the Company and a director of KSTFS) and KSTFS (collectively be referred to as the "Defendants") had on 18 May 2007 been served with a Writ and Statement of Claim filed by Gagie and KSTGSB (collectively be referred to as the "Plaintiffs") in the High Court of Malaya at Kuala Lumpur (Suite No. D8-22-613-2007 or "the Suit") as well as an ex-parte injunction application by the Plaintiffs against the Defendants.

The Suit was commenced arising from the termination by the Company of the Shareholders' Agreement dated 19 December 2005 entered into between Gagie and the Company to govern the rights of the parties in relation to KSTGSB on 5 April 2007.

B11 Changes in Material Litigation (Cont'd)

The injunction application was heard on various dates and on 1 November 2007, the High Court granted various interim injunctions against the Defendants. The grant of the interim injunctions by the High Court on 1 November 2007 had the effect of, inter alia, restraining the Defendants, until trial of the action or further order from:

- i) diverting or attempting to divert to KSTFS or any other companies related to any of the Defendants, all trade receivables due and owing to KSTGSB for services rendered under any existing or prospective business opportunities in relation to oil well fishing operations which belong to the Plaintiffs;
- ii) dealing with fishing tools and equipment belonging to KSTGSB and/or KSTGLL procured for the use of the joint venture without the consent of the Plaintiffs or in a manner inconsistent with the rights of the Plaintiffs or amounting to a denial of the Plaintiffs' rights; and
- iii) publishing any words which reflect adversely on the Plaintiffs' trade and business.

The Plaintiffs were required to deposit a sum of USD1 million into an interest bearing fixed deposit account by way of fortification of the Plaintiff's undertaking as to damages before 1 December 2007. The sum was not paid.

On 12 June 2007, the Defendants filed an application to strike out the claims made by KSTGSB in the D8 Suit and the order was successfully obtained on 27 February 2008. The Senior Assistant Registrar further ordered KSTGSB (failing which, their lawyers) to pay to the Defendants the costs incurred in this application. The Plaintiffs' appeal against the order was dismissed with costs on 13 May 2008 but the court agreed to vary the order to the extent that the Plaintiffs' lawyers would not be liable for the said costs.

On 12 November 2007, on the advice of the lawyers acting for the Company, KSTGLL filed a suit against Gagie, Mr George Gair Nicoll and Mr Thomas White Doig in the High Court of Malaya at Kuala Lumpur (Suit No. D7-22-1534-2007) for alleged wrongful and/or tortious acts in and against KSTGLL including to have them account for the tools and equipment that they have taken from KSTGLL.

Gagie, Mr George Gair Nicoll and Mr Thomas White Doig (the "D7 Defendants") have through their lawyer, filed their defence and their counterclaim against KSTGLL, the Company and KSTFS in respect of the D7 Suit. In their counterclaim, the D7 Defendants have inter alia, sought the delivery of the fishing equipment and tools to them or alternatively, judgment in the sum of their current replacement value of USD270,316.66 and general damages to be assessed.

The Company has been advised by its lawyers that with respect to the Company's defence to the Suit, the Company has valid defences to the various claims by the Plaintiffs although it is not possible to predict the outcome of the litigation. The lawyers are of the view that even if the Plaintiffs were to succeed in their claims or some of their claims, the damages would not be material. Accordingly, no provision has been made in respect of the cliams of damages by Gagie in the financial statements.
