UNAUDITED NOTES TO FINANCIAL STATEMENTS

PART A - EXPLANATORY NOTES PURSUANT TO FRS 134

1. BASIS OF PREPARATION

The interim financial statements have been prepared under the historical cost convention except for the revaluation of freehold land included within property, plant and equipment and the following assets and liabilities that are stated at fair values: financial assets at fair value through profit or loss, available-for-sale financial assets, derivative financial instruments and investment properties.

The interim financial statements are unaudited and have been prepared in accordance with the requirements of FRS 134: Interim Financial Reporting and Chapter 9 paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad.

The interim financial statements should be read in conjunction with the audited financial statements for the year ended 31 January 2006. These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the year ended 31 January 2006.

2. CHANGES IN ACCOUNTING POLICIES

The significant accounting policies adopted are consistent with those of the audited financial statements for the year ended 31 January 2006 except for the adoption of the new/revised Financial Reporting Standards (“FRS”) effective for financial period beginning 1 February 2006.

The adoption of new/revised FRSs does not have significant financial impact on the Group except for the FRSs disclosed as follows:

(a) Employee share option scheme (*FRS 2: Share-based Payment*)

FRS 2 requires an entity to recognise share-based payment transactions in its financial statements, including transactions with employees or other parties to be settled in cash, other assets, or equity instruments of the entity.

FOURTH QUARTER REPORT ENDED 31 JANUARY 2007

UNAUDITED NOTES TO FINANCIAL STATEMENTS

The Company operates an equity-settled, share-based compensation plan for the employees of the Group, Adventa Berhad Employee Share Options Scheme (“ESOS”). Prior to 1 February 2006, no compensation expense was recognised in profit or loss for share options granted. With the adoption of FRS 2, the compensation expenses relating to share options is recognised in profit or loss over the vesting periods of the grants with a corresponding increase in equity. The total amount to be recognised as compensation expenses is determined by reference to the fair value of the share options at the date of the grant and the number of share options to be vested by vesting date. The fair value of the share option is computed using a Black-Scholes Option model. At every balance sheet date, the Group revises its estimates of the number of share options that are expected to vest by the vesting date. Any revision of this estimate is included in profit or loss and a corresponding adjustment to equity over the remaining vesting period.

The new accounting policy is to be applied retrospectively with comparatives restated in accordance with FRS 2, however the Group has taken advantage of transitional provisions set out in paragraph 53 of FRS under which the new recognition and measurement policies have not been applied to the following grants of options:

- (i) all options granted to employees on or before 31 December 2004; and
- (ii) all options granted to employees after 31 December 2004 but which had vested before 1 January 2006.

No adjustments to the opening balance as at 1 February 2005 are required as no options existed at that time which was unvested at 1 January 2006.

The amount charged to the income statement as a result of the adoption of FRS 2 is an increased of administrative expenses for the fourth quarter ended 31 January 2007 by RM39,529 (4th quarter ended 31 January 2006: Nil), with the corresponding amounts credited to the capital reserve.

(b) Amortisation of positive and negative goodwill (FRS 3: Business Combinations, FRS 136: Impairment of Assets and FRS 138: Intangible Assets)

The new FRS 3 has resulted in consequential amendments to two other accounting standards, FRS 136 and FRS 138.

The adoption of these new FRSs has resulted in the Group ceasing annual goodwill amortisation. Goodwill is carried at cost less accumulated impairment losses and is now tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired. Any impairment loss is recognised in profit or loss and subsequent reversal is not allowed. Prior to 1 February 2006, goodwill was amortised on a straight-line basis over its estimated useful life of 10 years.

FOURTH QUARTER REPORT ENDED 31 JANUARY 2007

UNAUDITED NOTES TO FINANCIAL STATEMENTS

Under FRS 3, any excess of the Group’s interest in the net fair value of acquirees’ identifiable assets, liabilities and contingent liabilities over cost of acquisitions (previously referred to as “negative goodwill”), after reassessment, is now recognised immediately in profit or loss. Prior to 1 February 2006, negative goodwill, not exceeding the fair values of the non-monetary assets acquired, was recognised in the income statement over its estimated useful life of not more than 10 years. The carrying amount of goodwill as at 1 February 2006 of RM2.48 million ceased to be amortised. No impairment loss on goodwill has been recognised in the current quarter ended 31 January 2007.

In addition, the useful lives of other intangible assets are now assessed at the individual asset level as having either a finite or indefinite life. Prior to 1 February 2006, intangible assets were considered to have a finite useful life and were stated at cost less accumulated amortisation and impairment losses. Under the new FRS 138, the intangible assets are regarded to have an indefinite useful life when, based on an analysis of all of the relevant factors, there is no foreseeable limit to the period over which asset is expected to generate net cash inflows for the Group. Intangible assets with indefinite useful lives are not amortised but instead, are tested for impairment annually. The intangible assets of the Group are all with finite useful lives, and continue to be stated at cost less accumulated amortisation and impairment losses.

The above changes in accounting policy have been accounted for prospectively and in accordance with the transitional provisions of FRS 3. The Group has taken goodwill on consolidation as at 31 January 2006 to retained profits as follows:

	As Previously Reported	Effect	As Restated
Balance Sheet	RM’000	RM’000	RM’000
Retained profits brought forward	23,436	7,457	30,893
Goodwill on consolidation	9,870	(9,870)	-
Deferred taxation	4,817	2,413	7,230

The Group has ceased amortisation of its goodwill and has reduced the total amortisation charges by RM296,465 in the current quarter ended 31 January 2007.

(c) Changes in presentation (*FRS 101: Presentation of Financial Statements and FRS 127, Consolidated and Separate Financial Statements*) - Minority Interests

The adoption of the revised FRS 101 and FRS 127 has affected the presentation of minority interest and other disclosures. In the consolidated balance sheet, minority interests are now presented within total equity. In the consolidated income statement, minority interests are presented as an allocation of the total profit or loss for the period. A similar requirement is also applicable to the statement of changes in equity. FRS 101 and FRS 127 also requires disclosure, on the face of the statement of changes in equity, total recognised income and expenses for the period, showing separately the amounts attributable to equity holders of the parent and to minority interest.

The current period's presentation of the Group's financial statements is based on the revised requirements of FRS 101 and FRS 127, with the comparatives restated to conform with the current period's presentation.

(d) Changes in deferred taxation recognition (*FRS 108: Accounting Policies, Changes in Estimates and Errors and FRS 112: Income Taxes*)

Prior to 1 February 2006, deferred tax assets was recognised on unutilised reinvestment allowances. In accordance with the provisions of FRS 112, the Group has derecognised the deferred tax assets on unutilised reinvestment allowances by retrospective adjustments and the comparatives also restated in accordance with FRS 108. The effects of the changes in accounting policy are stated in table 2(b) above.

16. COMPARISON WITH PRECEDING QUARTER'S RESULTS

The Company recorded sales revenue of RM47.92 million for the current quarter as compared to RM45.95 million in preceding quarter, showing an increase of 4%. The increased is due to increase in sales.
