A3 Auditors' report on preceeding audited financial statements

The Company's External Auditors, Messrs RSM Malaysia had expressed the following qualified opinion in the Company's Audited Financial Statements for the financial year ended 31 January 2021.

Qualified Opinion

We have audited the financial statements of Comintel Corporation Bhd, which comprise the statements of financial position as at 31 January 2021 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 6 to 97.

In our opinion, except for the effects of the matters described in the *Basis for Qualified Opinion* section of our report, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 January 2021, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Qualified Opinion

As disclosed in Note 3 to the financial statements, the financial statements of the Group and of the Company have been prepared on the assumption that the Group and the Company will continue as going concern. The application of the going concern basis is based on the assumption that a major shareholder has agreed to provided adequate funds for the Group and for the Company to meet its liabilities as they fall due and to finance the working capital requirement of the Group and of the Company.

The Group and the Company incurred a net loss of RM9,468,000 and RM11,422,000 respectively during the financial year ended 31 January 2021, and as at that date, the Group's and the Company's current liabilities exceeded its current assets by RM1,855,000 and RM1,529,000 respectively.

On 25 January 2018 and 29 January 2018, the directors announced that Company had triggered Paragraph 8.03A of the Main Market Listing Requirements ("MMLR") of Bursa Malaysia Securities Berhad ("Bursa Securities") and was classified as an affected listed issuer. On 28 March 2019, the directors announced that the Company had further triggered Paragraph 2.1(a) of PN17 of the MMLR of Bursa Securities.

The Company announced a proposed regularisation plan on 22 July 2020 which comprise of proposed disposal, share capital reduction, private placement and acceptance of contract ("Proposed Regularisation Plan"). For the purpose of undertaking the Proposed Regularisation Plan, the Company had on the same date entered into a share sale agreement with Allied Technologies Group Sdn. Bhd. for the proposed disposal of certain subsidiaries for an aggregate cash consideration of RM1 million, a subscription agreement with the investor and an agreement to award with Dhaya Maju Infrastructure (Asia) Sdn Berhad.

On 26 April 2021, the Company announced that the conditions precedent of the share sale agreement, subscription agreement and agreement to award (which were dated 22 July 2020) have not been fulfilled on or before the cut-off date of 22 April 2021. Accordingly, the Proposed Regularisation Plan which are inter-conditional upon each other was aborted.

The Company has made a written application to Bursa Securities on 21 April 2021 for an extension of time of 6 months from 24 April 2021 to 24 October 2021 to submit its Regularisation Plan ("EOT Application"). Bursa Securities has, vide its letter dated 20 May 2021, rejected the EOT Application of the Company. The trading of the securities of the Company will be suspended with effect from 31 May 2021 and the securities of the Company will be delisted on 2 June 2021 unless an appeal against the delisting is submitted to Bursa Securities on or before 28 May 2021 (the Appeal Timeframe). In the event the Company submits an appeal to Bursa Securities within the Appeal Timeframe, the delisting of the securities of the Company from the Official List of Bursa Securities on 2 June 2021 will be deferred pending the decision on the Company's appeal.

The trading in the securities of the Company has been suspended with effect from 31 May 2021 and a written appeal against the de-listing was submitted to Bursa Securities on 28 May 2021.

The abovementioned events and conditions indicate the existence of material uncertainties which may cast significant doubt about the ability of the Group and of the Company to continue as a going concern.

The ability of the Group and of the Company to carry on as a going concern, amongst others, is dependent upon the ability of the Group and of the Company to achieve sustainable and viable operations with adequate cash flows generated from their operating activities.

In the event that these are not forthcoming, the Group and the Company may be unable to realise their assets and discharge their liabilities in the normal course of business. Accordingly, the financial statements of the Group and of the Company may require adjustment to restate the carrying amounts of the assets to their recoverable amounts and to provide further liabilities that may arise.

The financial statements of the Group and of the Company do not include any adjustments and classification relating to the recorded assets and liabilities that may be necessary should the Group and the Company be unable to continue as going concern, other than the assets and liabilities of Comintel Green Technologies Sdn. Bhd. that are stated on break up basis in the consolidated financial statements of the Group.

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

NOTES TO THE INTERIM FINANCIAL REPORT - SECOND QUARTER ENDED 31 JULY 2021

PART B: EXPLANATORY NOTES PURSUANT TO MAIN MARKET LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD

B1 Review of performance of operating segments of the group

The Group recorded revenue of RM0.5 million for the current financial quarter under review, an increase of 63.9% or RM0.2 million as compared to the corresponding financial quarter last year. SIMS segment recorded a revenue of RM0.5 million in the current financial quarter which represents the entire Group's revenue as compared to RM0.2 million recorded in the corresponding financial quarter last year whereas there was no revenue generated from the investment holding company in the current financial quarter as compared to RM0.1 million recorded in the corresponding financial quarter last year. Revenue for the current and corresponding financial year-to-date stood at RM0.9 million and RM0.5 million respectively. The increase in revenue were mainly due to more SIMS related work being completed during the current financial period.

Loss for the current financial quarter under review was RM0.7 million whereas the corresponding quarter last year recorded a loss after tax of RM2.0 million. Group's loss was RM2.3 million for the current financial year-to-date as compared to the RM4.3 million in the corresponding financial year-to-date. The significant decrease in loss for the current quarter under review and financial year-to-date was mainly due to the gain on derecognition of right-of-use assets amounted to RM2.0 million as the Group terminated long term leases of the right-of-use assets.

B2 Comment on current quarter result as compared with the immediate corresponding quarter

	Current Quarter ended 31.07.2021 RM'000	Corresponding Quarter ended 30.04.2021 RM'000
Revenue	531	365
Loss before taxation	(670)	(1,670)
Loss for the period	(670)	(1,666)
Attributable to :		
Equity holders of the parent company	(296)	(1,563)
Non-controlling interests	(374)	(103)

The revenue for the current financial quarter was RM0.2 million higher than the revenue recorded in the immediate corresponding quarter ended 30 April 2021. Revenue from both quarters was contributed wholly by the SIMS segment. The increase in revenue were mainly due to more SIMS related work being completed during the current financial period.

Net loss attributable to the equity holders of the parent company was RM0.3 million, a decrease of RM1.3 million as compared to the net loss of RM1.6 million recorded in the immediate corresponding quarter. The lower loss for the immediate corresponding financial quarter was mainly due to the gain on derecognition of right-of-use assets amounted to RM2.0 million as the Group terminated long term leases of the right-of-use assets. It was partially offset by the impairment of receivables amounting to RM1.4 million.

B3 Prospects

On 27 May 2021, the Company entered into an agreement to award with Binastra Construction (M) Sdn. Bhd. ("Binastra Construction") for the acceptance of a total of 3 letters of award by Total Package Work Sdn Bhd ("TPW"), a wholly-owned subsidiary of the Company from Binastra Construction totalling to RM117.7 million. Based on our announcement dated 16 July 2021, all the conditions precedent of the agreement to award have been fulfilled as at 16 July 2021. Accordingly, the agreement to award has become unconditional on 16 July 2021.

Subsequently, TPW had on 3 September 2021 accepted a letter of award for sub-contract for earthwork and rock hacking works from Binastra Construction with a total contract sum of RM7.2 million for a property development project located at Damansara Perdana, Mukim Sungai Buloh, Petaling District, Selangor Darul Ehsan.

As announced on 15 September 2021, the Company proposed to undertake the following:

- (i) disposal of 100.00% equity interest in Comintel Sdn Bhd ("Comintel"), Green Waste Management Sdn Bhd ("GWM"), Comintel (HK) Limited ("CHK") and Comintel Mobility Sdn Bhd ("CMSB"), 80.00% equity interest in PT Intelcom Indonesia ("PTI") and 50.60% equity interest in Comintel Green Technologies Sdn Bhd ("CGT") for an aggregate cash consideration of RM100,000.00 ("Disposal Consideration") ("Proposed Disposal"); and
- (ii) diversification of the existing business activities of the Company and its subsidiaries to include construction related businesses ("Proposed Diversification").

The Proposed Disposal will enable the Group to divest the non-core assets and deconsolidate certain loss making business entities. It also helps to eliminate potential losses which may be incurred by the loss making business entities and streamline its operations to focus on SIMS as well as the construction business which are expected to be viable and profitable in the mid to long term.

B3 Prospects (cont'd)

The Proposed Diversification will allow the Group to venture into and include the construction business as part of its core business as well as to diversify its earnings base and reduce dependency on its existing business segments.

As mentioned in note A3 that Bursa Securities has granted the Company an extension of time of up to 16 January 2022 to submit a Regularisation Plan, the management of Comcorp together with its appointed advisers are working to finalise the Regularisation Plan for submission to the regulatory authorities while at the same time, the Group continues its efforts to develop new opportunities to strengthen the operating segments. Barring any unforeseen circumstances, we are cautiously hopeful that we are able to regularise our financial condition.

In the event the Company submits an appeal to Bursa Securities within the Appeal Timeframe, the delisting of the securities of the Company from the Official List of Bursa Securities on 2 June 2021 will be deferred pending the decision on the Company's appeal.

The trading in the securities of the Company has been suspended with effect from 31 May 2021 and a written appeal against the de-listing was submitted to Bursa Securities on 28 May 2021.

The abovementioned events and conditions indicate the existence of material uncertainties which may cast significant doubt about the ability of the Group and of the Company to continue as a going concern.

The ability of the Group and of the Company to carry on as a going concern, amongst others, is dependent upon the ability of the Group and of the Company to achieve sustainable and viable operations with adequate cash flows generated from their operating activities.
