The Group achieved revenue of RM20.1 million for the quarter ended 30 September 2013 and RM57.8 million for the financial year to date. This represents a decrease of approximately 1% and 6% respectively as compared to the corresponding quarter in the preceding year and financial period to date. The decrease in revenue is mainly due to a drop in the revenue for the power cord set segment of the Hong Kong subsidiary, classified under Discontinued Operations as explained under Note A11 above.

The profit before taxation of the Group registered an increase of approximately 13% and 11% as compared to the corresponding quarter and financial year to date, mainly due to better profit margin achieved by electrical wiring accessories segment by Malaysia subsidiary and favourable USD exchange movement, despite the loss suffered by the Hong Kong subsidiary.
