These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the year ended 31 December 2010.

#### A NOTES TO THE INTERIM FINANCIAL REPORT (Cont'd)

#### A2. CHANGES IN ACCOUNTING POLICIES (Cont'd)

The principal effects of the changes in presentation, changes in methods of computation and in accounting policies resulting from the adoption of the new and revised FRSs, IC Interpretations and Amendments are set out below:

#### a) FRS 3 (revised), Business Combinations

- FRS 3 (revised) incorporates the following changes that are likely to be relevant to the Group's operations:
- Contingent consideration will be measured at fair value, with subsequent changes therein recognised in profit or loss.
- Transaction costs, other than share and debt issue costs, will be expensed as incurred.
- Any pre-existing interest in the acquiree will be measured at fair value with the gain or loss recognised in profit and loss.
- Any minority (will be known as non-controlling) interest will be measured at either fair value, or at
  its proportionate interest in the identifiable assets and liabilities of the acquiree, on a transaction-bytransaction basis.

FRS 3 (revised), which becomes mandatory for the Group's 2011 consolidated financial statements, will be applied prospectively and therefore there will be no impact on prior periods in the Group's 2011 consolidated financial statements.

#### b) FRS 127 (revised), Consolidated and Separate Financial Statements

FRS 127 (revised) requires accounting for changes in ownership interests by the group in a subsidiary, while maintaining control, to be recognised as an equity transaction. When the group loses control of a subsidiary, any interest retained in the former subsidiary will be measured at fair value with the gain or loss recognised in profit or loss. The revised standard also requires all losses attributable to the minority interest to be absorbed by the minority interest instead of by the parent. The Group will apply the major changes of FRS 127 (revised) prospectively and therefore there will not have any financial impact on the financial statements of the Group for the current financial year but may impact the accounting for its future transactions or arrangements.

The adoption of the other new and revised FRSs, IC Interpretations and Amendments has no effect to the Group's consolidated financial statements for the current quarter or the comparative consolidated financial statements for the prior financial year.

#### A3. QUALIFICATION OF PRECEDING YEAR'S AUDITED FINANCIAL STATEMENTS

The audited financial statements of the Company for the preceding year ended 31 December 2010 were not subject to any qualification.
