On adoption of MFRS 16, the Group recognised lease liabilities in relation to leases which had previously been classified as "operating leases" under the principles of MFRS 117. These liabilities were measured at the present value of the remaining lease payments, discounted using the incremental borrowing rate of the Group as at 1 January 2019.

The right-of-use assets for property leases were measured at the amount equal to the lease liabilities, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the financial statements as at 31 December 2018, if any.
