| | RM'000 | RM'000 | RM'000 | % | |

| Net loss attributable to equity | | | | | |
| holders of the parent | (791) | (14,384) | 13,593 | -95% | |

The Group recorded lower revenue of RM5.33 million in the current year quarter under review as compared to RM14.06 million for the immediate preceding quarter 31 March 2023. This was substantially due to higher turnover achieved by the construction business segment in the immediate preceding quarter whereby some of the projects are reach to the optimal construction phase and targeted to complete the projects by end of the year 2023. Furthermore, the revenue for property development business segment also reduced by RM1.84 million or 8% as compared to immediate preceding quarter 31 March 2023 mainly due to lower sales achieved.

The loss before taxation in the current quarter of RM0.66 million which was lower of RM17.22 million or 96% as compared to immediate preceding quarter loss before taxation mainly attributable to the impairment loss on expected credit loss of approximately RM9.14 million and downward adjustments in revenue for the Penang Package 2 project of approximately RM8.72 million.
