#### Construction

The Group recorded the construction revenue of RM3.5 million in the current quarter, representing an increase of RM1.4 million over the immediate preceding quarter, mainly due to the picking up of momentum of work activities during September 2021 when the Movem ent Control Order was gradually lifted.

The loss before tax in current quarter of RM1.3 million was lower as compared to immediate preceding quarter of RM2.4 million mainly due to budgeted costs of a particular project revised downwards upon final account issued. This improvement was also reflected in the current quarter's gross profit of RM2.0 million, being an increase of RM1.8 million over the preceding quarter, which mainly came from the said project.
