Overall revenue during the quarter was RM1.508 million, 45.8% lower than the corresponding period in FY2017, due mainly to slow revenue stream from the hospitality division as a result of time lag in the billings of technical consultancy fee. On a 12-month period, the hospitality division achieved a total revenue of RM3.385 million, or 60.6% of group revenue, with the drinking water division accounted for the balance 39.4% or RM2.198 million.

Loss attributable to Owners						
of the Company	(4,932)	(5,188)	(5)	(7,907)	(10,925)	(28)

For the current quarter (April to June 2018) under review, the Group registered a group revenue of RM1.508 million, vis-a-vis RM2.782 million recorded in the fourth quarter of the previous financial year.

For the twelve-month cumulative basis, group revenue was RM5.583 million compared with RM9.106 million recorded during the same period of the previous financial year. The decline was due to lower sales value recognition from the bottled water division, where the revenue was derived on a "cost plus" basis as the sales were passed through a distributor. As a result, total revenue generated from this division was RM2.198 million, compared to RM4,407 million recorded previously. The revenue from the hospitality division has also experienced a 28.0% decline to RM3.385 million versus RM4.699 million during the corresponding period last year due to lower billings in technical consultancy fee for Impiana Cherating Hotel & Resort and Impiana Ubud Resort in Bali compared to the previous year corresponding period. Management Fee derived from Impiana Hotel Ipoh remains stable.

Net loss after tax after minority interests during the quarter reduced by 4.9% to RM4.932 million, compared to RM5.188 million earlier. The losses were mainly caused by RM3.774 million in impairment of property, plant and equipment and RM0.428 million in depreciation of the bottled water division; as well as RM0.271 million in amortisation of intangible asset and leasehold land of the hospitality division. Without these non-cashflow items, the Group's total loss after tax after minority interests would otherwise reduce significantly to only RM0.459 million.

B2. FINANCIAL REVIEW FOR CURRENT QUARTER AND IMMEDIATE PRECEDING QUARTER

Variation of results against preceding quarter

	Current	Preceding	
	Quarter	Quarter	Changes
RM'000	30.06.18	31.12.17	%
Revenue	1,508	1,457	4
Loss before tax	(4,847)	(663)	631
Loss after tax	(4,939)	(905)	446
Loss attributable to owners of the Company	(4,932)	(728)	577

Group revenue during the current quarter (April to June 2018) increased by 3.5% to RM1.508 million vis-à-vis RM1.457 million recorded during the preceding quarter (Jan to March 2018).

Losses attributable to owners of the Company was higher at RM4.932 million during the current quarter under review vis-à-vis RM0.728 million recorded during the preceding quarter. This dismal performance was caused by the continued losses incurred at the bottled water division, which was further aggravated by the RM3.774 impairment loss on property, plant and equipment.

B3. CURRENT PROSPECTS

The Board believes that the proven contributions from the hospitality division will spearhead the group's profitability in the medium to longer term. The gloomy results from the bottled water division, if not addressed, will curtail the Group's overall performance.

As such, the Board has indicated its intention to phase out the bottled water division by way of disposal of this division. The management has been tasked to identify a suitable suitor for this business.

The Group has earlier on 12 April 2018 announced the proposed acquisition of several hotel assets in Malaysia, as well as hotel management operations in Malaysia, Indonesia and Thailand is underway.
