2. Summary of significant accounting policies (Cont'd)

2.1 FRS 101 (Revised): Presentation of Financial Statements

The revised FRS 101 introduces changes in the presentation of the financial statements as follows:

Pre-FRS 101	Post-FRS 101
-Balance Sheet	-Statement of Financial Position
-Income Statements	-Statement of Comprehensive Income
-Statement of Changes in Equity	-Statement of Changes in Equity
-Cash Flow Statement	-Statement of Cash Flows

The revised FRS 101 separates owner and non-owner changes in equity. Therefore, the statements of changes in equity will now include only details of transactions with owners. All non-owner changes in equity are presented as a single line labelled as total comprehensive income. The Standard also introduces the statement of comprehensive income: presenting all items of income and expense recognised in the income statement, together with all other items of recognised income and expense recognized directly in equity, either in single statement, or in two linked statements. The Group has elected to present this statement as two linked statement and has accounted the changes retrospectively to the comparative period.

2.2 FRS 139: Financial Instruments: Recognition and Measurement

FRS 139 sets out the new requirements for the recognition and measurement of the Group's financial instruments. The adoption of FRS 139 has resulted in financial instruments of the Group to be categorized and measured using the accounting policies as summarized below:-

(a) Initial Recognition and Measurement

Financial instruments are recognized in the financial statements when, and only when, the Group's become a party to the contractual provisions of the instruments. Financial instruments are recorded initially at fair value. Subsequently measurement of the financial instruments in the statement of the financial position at the reporting date is determined by the designation of the financial instruments.

(b) Financial assets

Financial assets are classified as financial assets at fair value through profit and loss, loans and receivables, held to maturity investments, available-for-sale ("AFS") financial assets, or as derivatives designated as hedging instruments in the effective hedge, as appropriate.

(c) Financial assets at fair value through profit and loss

Financial assets at fair value through profit and loss comprises financial assets that are held for trading including derivatives, unless they are designated as hedges. Financial assets at fair value through profit and loss are measured at fair value at each reporting date with changes in fair values recognized as gains and loss in the statement of comprehensive income. This category of financial assets is classified as current assets. In accordance with the requirement of this standard, foreign exchange contracts of the Group have been measured at fair value and the changes in the fair value has been recognized in profit and loss.

(d) AFS financial assets

AFS financial assets are non-derivative financial assets that are designated in this category or are not classified in any of the other categories.

Gains and losses arising from changes in fair value are recognised in other comprehensive income and accumulated in the fair value reserve, with the exception of impairment losses. On derecognition, the cumulative gain or loss previously accumulated in the fair value reserve is reclassified from equity into profit or loss. Interest calculated for a debt instrument using the effective interest method is recognised in profit or loss.

2. Summary of significant accounting policies (Cont'd)

2.2 FRS 139: Financial Instruments: Recognition and Measurement (Cont'd)

(e) Trade and other receivables

Prior to the adoption of FRS 139, trade and other receivables were stated at gross receivables less provision for doubtful debts, Under the FRS 139, these receivables are initially measured at fair value plus transactions costs and subsequently at amortised cost using the effective interest rate ("EIR") method. Gain and losses arising from the derecognition of the receivables, amortization under the EIR method and impairment losses are recognized in the statement of comprehensive income.

(f) Financial liabilities

Financial liabilities are classified as financial liabilities at fair value through profit or loss, loans and borrowings, or as derivatives as hedging instruments in an effective hedge, as appropriate. The Group's financial liabilities included trade and other payables and borrowings. Under the FRS 139, these financial liabilities are measured initially at fair value and subsequently carried at amortised cost using EIR method.

In accordance with the transitional provisional of first time adoption of FRS 139, the above changes in accounting policy have been accounted for prospectively and the comparatives are not restated. Instead, the changes have been accounted for by restating the opening balances as at 1 Jul 2010 in the consolidated statement of financial position. The effect of changes in the consolidated statement of financial position is as follows:

2.3 Amendment to FRS 117 - Lease

With the adoption of the Amendments to FRS 117, the classification of a leasehold land as a finance lease or operating lease is based on the extent to which risks and rewards incident to ownership lie. In making this judgement, the Group has concluded that all the leasehold land are in substance in finance lease. This change in classification of prepaid land lease payments to property, plant and equipment in the current period and retrospectively to the comparative prior year's Statement of Financial Position are disclosed in Note 2.4

2.4 Amendment to FRS 140 - Investment Property

Prior to the adoption of the Amendment to FRS 140, properties that were being constructed or developed for future use as investment properties were treated as construction-in-progress and classified as property, plant and equipment. With the adoption of the Amendment to FRS 140, such properties are treated as investment property in accordance with FRS 140. The comparatives have been restated to conform to current period presentation.

The effects of the reclassification to the comparatives following the adoption of the above Amendments to FRS 117 and FRS 140 are as follows:

		Effect of	Effect of

(i) Current Quarter

For the current quarter ended 31 Mac 2011, the Group recorded revenue of RM29.4 million, a decrease of 6.5% as compared to the preceding quarter ended 31 Mac 2010 of RM31.5 million. The decrease is mainly due to the lower contribution from the project segment.

As a result of the drop in revenue, the Group's profit before tax has decreased by 23.7%, from RM4.5 million in the quarter ended 31 Mac 2010 to RM3.4 million in the current quarter ended 31 Mac 2011.

(ii) Cumulative period to date

For the period ended 31 Mac 2011, the Group generated lower revenue of RM91.2 million in comparison with preceding year corresponding period of RM103.6 million. The overall drop of 11.9% in revenue is mainly due to the lower contribution from the overseas project segment.

As a result of the drop in revenue, the Group's profit before tax for the period has decreased by 25.3% from RM17.5 million in the preceding period to RM13.1 million in the current period.
