## NOTES TO THE INTERIM FINANCIAL STATEMENTS SECOND QUARTER ENDED 30 JUNE 2012

## A COMPLIANCE WITH MALAYSIA FINANCIAL REPORTING STANDARD (MFRS) 134: INTERIM FINANCIAL REPORTING AND BURSA LISTING REQUIREMENTS

## A1 Basis of preparation

These condensed consolidated interim financial statements have been prepared in accordance with MFRS 134: Interim Financial Reporting and paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad. These condensed consolidated interim financial statements also comply with IAS 34: Interim Financial Reporting issued by the International Accounting Standards Board ("IASB"). For the periods up to and including the financial year ended 31 December 2011, the Group prepared its financial statements in accordance with Financial Reporting Standards ("FRSs").

These condensed consolidated interim financial statements are the Group's first MFRS condensed consolidated interim financial statements for part of the period covered by the Group's first MFRS annual financial statements for the financial year ending 31 December 2012. MFRS 1 First-Time Adoption of Malaysian Financial Reporting Standards ("MFRS 1") has been applied.

The explanatory notes attached to these condensed consolidated interim financial statements provide an explanation of events and transaction that are significant to an understanding of the changes in the financial position and performance of the Group since the financial year ended 31 December 2011.

In preparing its opening MFRS Statement of Financial Position as at 1 January 2011 (which is also the date of transition), the Group has adjusted the amounts previously reported in financial statements prepared in accordance with FRS. An explanation of how the transition from FRS to MFRS has affected the Group's financial position is set out in Note 2.1 below. These notes include reconciliations of equity for comparative periods and of equity at the date of transition reported under FRS to those reported for those periods and at the date of transition under MFRS. The transition from FRS to MFRS has not had a material impact on the statement of cash flows.

#### **A2** Changes in Accounting Policies

### 2.1 Application of MFRS 1

The Group prepared its financial statements in accordance with Financial Reporting Standards ("FRS") for the periods up to and including the financial year ended 31 December 2011. As the requirements under FRS and MFRS are similar, the significant accounting policies adopted in preparing these condensed consolidated interim financial statements are consistent with those of the audited financial statements for the year ended 31 December 2011 except as discussed below:

## a) Property, plant and equipment

Under FRSs, items of property, plant and equipment are measured at valuation/ cost less accumulated depreciation and any accumulated impairment losses.

The Group revalues its property comprising land and building every 5 years and at shorter intervals whenever the fair value of revalued assets is expected to differ materially from their carrying value. The last valuation was carried out on 25 February 2007 in conjunction with its initial public offering ("IPO") exercise completed in March 2008.

## NOTES TO THE INTERIM FINANCIAL STATEMENTS SECOND QUARTER ENDED 30 JUNE 2012

### A2 Changes in Accounting Policies (cont'd)

### a) Property, plant and equipment (cont'd)

At the date of transition to MFRS, the Group elected to apply the optional exemption to regard the revalued amounts of certain leasehold land and buildings in 2007 as deemed cost at the date of the revaluation as these amounts were broadly comparable to fair value at that date. The revaluation reserve of RM6,706,812 at 1 January 2011, 30 June 2011 and 31 December 2011 was reclassified to retained earnings.

The reconciliations of equity for comparative periods and of equity at the date of transition reported under FRS to those reported for those periods and at the date of transition under MFRS are provided below:

#### **B1** Review of Performance

For the current quarter ended 30 June 2012, the Group recorded higher revenue of RM38.5 million, an increase of approximately 7.5% from RM35.8 million recorded in the preceding year corresponding quarter. The higher revenue in the current quarter was attributed to higher domestic and export sales. In tandem with the higher revenue, the Group recorded higher profit before tax ("PBT") of RM3.9 million in the current quarter, an increase of approximately 92.4% from RM2.0 million recorded in the preceding year corresponding quarter. The higher sales for the Group's flexible plastic packaging products had also contributed to higher PBT and PBT margin.

For the six months period ended 30 June 2012, the Group recorded higher revenue of RM76.9 million, an increase of approximately 3.8% from RM74.1 million recorded in the preceding year corresponding period. This was mainly due to higher sales volume in line with improvement in demand particularly the export sales demand for the Group's flexible plastic packaging products. In tandem with the higher export sales, the Group recorded higher PBT of RM7.1 million, an increase of approximately 51.1% from RM4.7 million recorded in the preceding year corresponding period.

The Group registered a higher PBT in the current quarter as compared to the preceding quarter due to higher sales of flexible plastic packaging products for export markets with higher profit margins.

#### **B3** Current year prospects

The industry in which the Group operates is expected to be challenging in 2012. Inspite of this, the industry such as food and beverage sector that our key customers are involved in remains resilient.
