QUARTERLY REPORT FOR THE QUARTER ENDED 30 JUNE 2020

A: EXPLANATORY NOTES PURSUANT TO THE MALAYSIAN FINANCIAL REPORTING STANDARDS (“MFRS”) 134

A1. Accounting policies and methods of computation

The interim financial statements are unaudited and have been prepared in accordance with the MFRS 134: Interim Financial Reporting, Paragraph 9.22 and Appendix 9B of the Main Market Listing Requirements (“Listing Requirements”) of Bursa Malaysia Securities Berhad (“**Bursa Malaysia**”).

The significant accounting policies and methods of computation applied in the unaudited condensed interim financial statements are consistent with those of the audited financial statements for the financial period ended 30 June 2019.

During the current financial period, the Company and its subsidiary companies (“Group”) have adopted the following new accounting standards and interpretations (including the consequential amendments):-

MFRS 16 Leases

IC Interpretation 23 Uncertainty over Income Tax Treatments

Amendments to MFRS 9 Financial Instruments – Prepayment Features with Negative Compensation

Amendments to MFRS 119 Employee Benefits – Plan Amendment, Curtailment or Settlement

Amendments to MFRS 128 Investments in Associates and Joint Ventures – Long-term Interests in Associates and Joint Ventures

Annual Improvements to MFRS Standards 2015 – 2017 Cycles

The adoption of the above standard(s) and/or interpretation(s) will not have any material impact on the financial statements of the Group upon their initial application except as follows:-

• **MFRS 16 Leases**

MFRS 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases and will replace the current guidance on lease accounting when it becomes effective. Under MFRS 16, the classification of leases as either finance leases or operating leases is eliminated for lessees. All lessees are required to recognise their leased assets and the related lease obligations in the statement of financial position (with limited exceptions). The leased assets are subject to depreciation and the interest on lease liabilities are calculated using the effective interest method.

The initial application of MFRS 16 did not have any significant impact on the Group’s consolidated financial statements.

QUARTERLY REPORT FOR THE QUARTER ENDED 30 JUNE 2020

A2. Auditors' Report of preceding annual financial statements

The auditors had expressed a disclaimer of opinion in the financial statement for the financial period ended 30 June 2019 (“FPE 2019”). Because of the significance of the following matters, the auditors have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements:

(a) The financial statements of the Group have been prepared on the assumption that the Group will continue as going concerns. The application of going concern basis is based on the assumption that the Group will be able to realise their assets and settle their liabilities in the normal course of business. The going concern assumption is highly dependent upon:

- formulation of a viable plan to regularise the financial conditions of the Group for timely submission to Bursa Malaysia and other relevant authorities for approval;
- approval by all relevant parties on the Proposed Regularisation Plan;
- the timely and successful implementation of the Proposed Regularisation Plan;
- the ability of the Group to achieve sustainable and viable operations so as to generate sufficient cash flows to enable the Group to meet its obligations as and when they fall due.

QUARTERLY REPORT FOR THE QUARTER ENDED 30 JUNE 2020

A: EXPLANATORY NOTES PURSUANT TO THE MALAYSIAN FINANCIAL REPORTING STANDARDS (“MFRS”) 134

A2. Auditors’ Report of preceding annual financial statements (Cont’d)

(a) In the event that these do not materialise, the Group may be unable to realise their assets and discharge their liabilities in the normal course of business. In the view of this matter, there are material uncertainties that may cast significant doubt on the ability of the Group to continue as going concerns. Accordingly, the auditors have not been able to obtain sufficient appropriate audit evidence to ascertain the appropriateness of the preparation of the financial statements of the Group on a going concern basis.

(b) The auditors were unable to observe the counting of physical inventories in a timely manner. As such, the auditors were not able to satisfy themselves by alternative means concerning the existence and valuation of inventories held as at 30 June 2019.

A3. Seasonal or cyclical factors

The Group’s operations were not significantly affected by any seasonal or cyclical factor during the current quarter and financial year-to-date.

A4. Unusual items affecting assets, liabilities, equity, net income or cash flows

There were no significant unusual items affecting assets, liabilities, equity, net income or cash flows for the Group during the current quarter and financial year-to-date.

The letter from Petronas indicated that there was an adverse report from Petronas Carigali Sdn Bhd (“PCSB”) pertaining to the non-performance of PBJV in relation to the contract referred to as “Provision for Underwater Services For PCSB” (“the Contract”). Resulting from that, Petronas has decided to suspend PBJV’s license for a period of three (3) years with effect from the date of the letter.

The implication of the letter is that Petronas including its subsidiaries and any Petroleum Arrangement Contractors (“PACs”) will not award any new contract to PBJV during the suspension period. PBJV will not be allowed to bid for new projects undertaken by Petronas including its subsidiaries and any PACs during the suspension period. Nevertheless, PBJV is still allowed to continue and complete its existing and on-going contracts with Petronas including its subsidiaries and PACs in accordance to the term and conditions of the respective existing and on-going contracts.

In response to this, on 5 August 2019, PBJV has issued a Notice of Demand and Dispute to both Petronas and PCSB where it disputes the validity of the suspension being issued without any legal justification nor compliance to procedures. The Contract has been successfully carried out and completed prior to the suspension. Upon completion of the Contract, positive appraisal was subsequently given by PCSB hence making the suspension unwarranted.

PBJV has demanded an amount of RM1.02 billion against Petronas and PCSB, among others, based on the loss of future profits, reputation and market shares prices.

On 25 September 2019, the Company and PBJV have jointly filed a Writ of Summons proceeding against Petronas and PCSB in the Kuala Lumpur High Court (“Writ”). The Writ proceeding filed cites that the suspension notice issued by Petronas is illegal, unjustified and unwarranted and aims for it to be annulled and invalidate.

On 27 November 2019, PBJV through its firm of advocates and solicitors, M/s Ram Reza & Muhammad issued a Statutory Notice pursuant to Section 465 and 466 of The Companies Act 2016 against PCSB to claim the amount RM477,467.37. This claim has remained outstanding despite PCSB having issued the procedural Confirmation and acknowledgement to pay the said sum.

On 16 January 2020, PBJV filed a 2nd Statutory Winding up Notice pursuant to Section 465 and 466 of the Companies Act 2016 against PCSB, the claim amount of RM118,193.52 which is viewed as the debt without legal dispute. PCSB has given 21 days from the receipt of the Statutory Notice to fully settle the said sum.

PCSB has settled in full the amount of RM477,467.37 in favour of PBJV.

Meanwhile, on 21 July 2020 the scheduled hearing for the RM1.02 billion demand was granted postponement by the Court due to Petronas’ Solicitors engagement in other higher priority case.

Installation and construction services ("ICS")

During the financial year ended 30 June 2020, ICS generated a total revenue of RM32.1 million, with RM0.05 million being generated during the current quarter. B9. Material litigation (Cont'd)

- (b) On 8 July 2019, PBJV received a notification of suspension of PBJV's license from Petroliam Nasional Berhad ("Petronas"). The letter from Petronas indicated that there was an adverse report from Petronas Carigali Sdn Bhd ("PCSB") pertaining to the non-performance of PBJV in relation to the contract referred to as "Provision for Underwater Services For PCSB" ("the Contract"). Resulting from that, Petronas has decided to suspend PBJV's license for a period of three (3) years with effect from the date of the letter.

The implication of the letter is that Petronas including its subsidiaries and any Petroleum Arrangement Contractors ("PACs") will not award any new contract to PBJV during the suspension period. PBJV will not be allowed to bid for new projects undertaken by Petronas including its subsidiaries and any PACs during the suspension period. Nevertheless, PBJV is still allowed to continue and complete its existing and on-going contracts with Petronas including its subsidiaries and PACs in accordance to the term and conditions of the respective existing and on-going contracts.

In response to this, on 5 August 2019, PBJV has issued a Notice of Demand and Dispute to both Petronas and PCSB where it disputes the validity of the suspension being issued without any legal justification nor compliance to procedures. The Contract has been successfully carried out and completed prior to the suspension. Upon completion of the Contract, positive appraisal was subsequently given by PCSB hence making the suspension unwarranted.

PBJV has demanded an amount of RM1.02 billion against Petronas and PCSB, among others, based on the loss of future profits, reputation and market shares prices.

On 25 September 2019, the Company and PBJV have jointly filed a Writ of Summons proceeding against Petronas and PCSB in the Kuala Lumpur High Court ("Writ"). The Writ proceeding filed cites that the suspension notice issued by Petronas is illegal, unjustified and unwarranted and aims for it to be annulled and invalidate.

On 27 November 2019, PBJV through its firm of advocates and solicitors, M/s Ram Reza & Muhammad issued a Statutory Notice pursuant to Section 465 and 466 of the Companies Act 2016 against PCSB to claim amount RM477,467.37. This claim has remained outstanding despite PCSB having issued the procedural Confirmation and acknowledgement to pay the said sum.

On 16 January 2020, PBJV filed a 2nd Statutory Winding up Notice pursuant to Section 465 and 466 of the Companies Act 2016 against PCSB, the claim amount of RM118,193.52 which is viewed as the debt without legal dispute. PCSB has given 21 days from the receipt of the Statutory Notice to fully settle the said sum.

PCSB has settled in full the amount of RM477,467.37 in favour of PBJV.

Meanwhile, on 21 July 2020 the scheduled hearing for the RM1.02 billion demand was granted postponement by the Court due to Petronas' Solicitors engagement in other higher priority case.

B9. Material litigation (Cont'd)

- (c) On 9 August 2019, the Company and PBJV have both received demand notices dated 8 August 2019 from PRPC Utilities and Facilities Sdn Bhd ("PRPC") for an amount of RM85,203,274.96 on the basis that among others, PBJV has failed to fulfil all of its obligations under a contract referred to as "Utilities, Interconnecting, Offsite (UIO) Facilities: Procurement, Construction & Commissioning (PCC) of Underground Pressurized Non-Metallic Piping Firewater Network East Side" ("P14 Contract").

PRPC has included the Company as the recipient of the demand on the basis that the Company has given a Parent Company Guarantee dated 6 April 2016 to guarantee the performance of PBJV as the contractor.

In response to this, on 22 August 2019, the Company and PBJV have both issued a Notice of Reply to PRPC to dispute the claim. Concurrent to the Notice of Reply, PBJV has further issued a Notice of Demand dated 22 August 2019 to PRPC. The notices (in no particular order) stated among others that PRPC's conduct and failures include (but not limited to) the failure to pay an amount of RM6,579,806.74 within 30 days (pursuant to Article 32.13 of the P14 Contract) being the sum due under Progress Claim No. 9 which has been duly certified by PRPC and the subsequent failure to process PBJV's Progress Claim No.10 which has been submitted to PRPC since 30 October 2018 for work done.

The Company and PBJV further cited that despite the contractual procedures for variation of works, (which require a Change Order to be issued by PRPC), there have been verbal variation instructions given by PRPC which delayed the original milestones. In consequence to PRPC's own failure to issue the "Change Orders" and despite work being done pursuant to the said instructions, no extension of time was granted. The Company and PBJV finally dispute the validity of a letter dated 30 March 2018 issued by PRPC which purported to discontinue all the works under the P14 Contract.

PBJV has demanded PRPC to pay the amount of RM6,579,806.74 and to withdraw the discontinuance letter within 7 days from the date of PBJV's notice. Further, PRPC has been demanded to process the Progress Claim No. 10 within 15 days (in tandem with Article 32.6 of the P14 Contract) from the date of the receipt of the said notice.

On 12 September 2019, PBJV has commenced a legal proceeding by filing a Writ of Summons in the Kuala Lumpur High Court ("the Court") against PRPC. Macfearn Sdn. Bhd. has also been named as the Second Plaintiff in the said legal action.

PBJV has pleaded 5 main claims in its Statement of Claim against PRPC and each claim is based on a breach of different Articles and/or terms of the P14 Contract. The general order and contents of the claims are as follows:-

- i) the amount of RM6,579,806.74 being the amount certified and/or verified by the authorised representatives of PRPC since November 2017, for Progress Claim No. 9 and which PRPC has failed to pay within 30 days since the issuance of PBJV invoice dated 11 November 2017;
- ii) the amount of RM23,144,529.02 being the amount of Progress Claim No. 10 which PRPC has failed and/or refused to process in accordance with the terms of the Articles;
- iii) the amount of RM4,557,400.00 being the amount due for work done under various variation instructions which PRPC has refused to process;
- iv) an amount RM8,414,802.80 being the amount of the performance bond wrongfully demanded by PRPC; and
- v) a declaration that the alleged notice of discontinuance dated 30 March 2018 is null and void.

B9. Material litigation (Cont'd)

PBJV further has included general damages and other reliefs which the Court may view as just and fair to be granted at the end of the proceeding. PBJV further pleads that due to certain notable inconsistencies in Part III of the Conditions of the P14 Contract and its interpretations, recourse to court process appears to be an available option. The Writ of Summons is now pending extraction in Court.

On 07 February 2020, the Company had been served with Writ of summons and statement of claim for the amount of RM85,203,274.96 by PRPC. The case had been fixed on 21 February 2020. The Company had no expectation to incur any monetary damages except legal expenses, as the Company had previously issue a letter to dispute the claim.

Barakah has, through its firm of advocates and solicitors, Messrs. Ram Reza & Muhammad filed a Statement of Defence and Counter Claim to PRPC on 13 March 2020 and 24 April 2020 resting on the fact that any delay which has been alleged by PRPC, was triggered by PRPC's failure to pay PBJV's progress claim. The Court fixes the next Case Management to be on 14 September 2020
