Management has determined segments based on how information is reported to the Group's chief operating decision maker for the purposes of resource allocation and operating performance review.

For companies within the same segment, the printing business and trading activities are inter-twined and all purchases for the trading activities are from companies within the Group.

Other non-reportable segments comprise operations related to investment holdings and investment property holding.

Performance is measured based on segment profit before tax, interest, depreciation and amortisation, as included in the internal management reports that are reviewed by the Board of Directors. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of segment relative to other entities that operate within these industries.

B. ADDITIONAL INFORMATION REQUIRED BY THE LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD

B1. Review of Performance

(a) Current Quarter against Previous Year Corresponding Quarter

Revenue

The Group's revenue for the first quarter ended 31 March 2024 ("1Q24") of RM63.4 million was marginally higher by 1.9% (1.2 million) compared to the corresponding quarter in the previous year ("1Q23") of RM62.2 million. The higher sales were mainly due to increase demand from our major tobacco customers in the Asia Pacific region.

Profit before tax

In the current quarter, the profit before tax was lower at RM0.5 million compared to the corresponding quarter in 1Q23 of RM2.4 million. The aforesaid unfavorable results for the quarter were impacted by loss on foreign currency translation in view of the weakening of Indonesian Rupiah. In addition, both the finance costs and depreciation costs have increased respectively due to higher utilisation of borrowings and additional capital expenditures in printing equipment to increase the production volume.

B2. Variation of Results against Preceding Quarter

Revenue

The Group's revenue for the 1Q24 was lower by 8.1% (RM5.6 million) at RM63.4 million from RM69.0 million in the preceding quarter ("4Q23") mainly due stock buildup by customers during the preceding quarter.

Profit before tax

The Group reported a profit before tax of RM0.5 million in 1Q24 as compared to profit before tax of RM4.8 million in 4Q24 on the back of the lower revenue. In Q423 there was also a one-off reversal of RM1.7 million on provision for impairment loss of property, plant & equipment relating to the Middle East operations.

B3. Prospects

The tobacco industry continues to remain stagnant, however the directors are of the opinion that the outlook for 2024 remains positive with the relocation of the Group's capabilities to pursue new business opportunities.

B4. Profit Forecast

Not applicable as the Group did not issue any profit forecast.
