Other than for the application of FRS 8, FRS 101, FRS 117 and FRS 139, the application of the above FRSs, Amendments to FRSs and Interpretation did not result in any significant changes in the accounting policies and presentation of the financial results of the Group.

i. FRS 8: Operating Segments

The Group's segmental reporting had been presented based on the internal reporting to chief operating decision maker who makes decisions on the allocation of resources and assesses the performance of the reportable segments. This Standard only affects the presentation and disclosure aspects and has no impact on the financial position and results of the Group.

ii. FRS 101: Presentation of Financial Statements

The Consolidated Statement of Changes in Equity will reflect details of transactions with owners and non-owners. All non-owner changes in equity are presented as a single line labelled as total comprehensive income. Comparative information has been re-presented so that it is also in conformity with the revised standard. This Standard only affects the presentation and disclosure aspects and has no impact on the financial position and results of the Group.

iii. Amendment to FRS 117: Leases

The amendment clarifies the classification of lease of land and requires entities with existing leases of land and buildings to reassess the classification of land as finance or operating lease. Leasehold land which in substance is a finance lease will be reclassified to Property, Plant and Equipment. The adoption of this amendment will result in a change in accounting policy which will be applied retrospectively in accordance with the transitional provisions. The reclassification of leasehold land from prepaid land lease payments to Property, Plant and equipment has been accounted for retrospectively and certain comparatives as at 31 January 2010 have been restated as follows:

Restated	Previously stated RM'000	Adjustment RM'000	Restated RM'000	
Non-current Assets				
Property, Plant & Equipment	20,576	22,582	43,158	
Prepaid Lease Payment	22,582	(22,582)	0	

iv. FRS 139: Financial Instruments, Recognition and Measurement

The Standard sets out the new requirements for the recognition and measurement of financial instrument.

A financial instrument is recognized in the financial statements when, and only when, the Group becomes a party to the contractual provisions of the instrument. A financial instrument is recognized initially, at its fair value.

Subsequent measurement of those instruments at the balance sheet date reflects the designation of the financial instruments. Except for those financial instruments measured at fair value through profit and loss, the Group determines the classification at initial recognition and re-evaluates this designation at each year end.

Financial Assets/Liabilities

a. Financial Assets/Liabilities at fair value through profit and loss.

Fair value through profit and loss category comprises financial assets/liabilities that are held for trading including derivatives or specifically designated into these categories upon initial recognition.

b. Loans and receivables

Prior to 1 February 2010, loans and receivables were stated at gross receivables less provision for doubtful debts. Under FRS 139, loans and receivables are initially measured at fair value and subsequently at amortised cost using effective interest rate method. Gains and losses arising from the derecognition of the loans and receivables, amortization and impairment losses are recognized in the income statement.

c. Available for sale (AFS)

Prior to 1 February 2010, AFS financial assets such as investments were accounted for at cost less impairment losses or at the lower of cost and market value. Under FRS 139, AFS financial asset is measured at fair value initially and subsequently with unrealized gains or losses recognized as other comprehensive income in the AFS reserve until the investment is derecognized or impaired. Other AFS financial asset is measured at cost if the unquoted equity instrument is not carried at fair value because its fair value cannot be reliably measured.

d. Derivatives Financial Instruments

Prior to adoption of FRS 139, derivative contracts are recognized in the financial statements on settlement date. With the adoption of FRS 139, derivative contracts are now required to be initially recognized at fair value on the date the contract is entered into and subsequently at fair value at each period ending. Any gains and losses arising from changes in fair value on derivatives that do not qualify for hedge accounting are recognized in income statement, however, where derivatives are designated as hedge instrument which are accounted for in accordance with hedge accounting requirements as described in the hedge accounting policy as detailed below.

e. Hedge accounting Fair value hedge

A fair value hedge is a hedge of the exposure to changes in fair value of a recognized asset or liability or an unrecognized firm commitment, or an identified portion of such as asset, liability or firm commitment, that is attributable to a particular risk and could affect the profit and loss.

In a fair value hedge, the gain or loss from remeasuring the hedging instrument at fair value is recognized in profit or loss. The gain or loss on the hedged item attributable to the hedged risk is adjusted to the carrying amount of the hedged item and recognized in profit or loss.

Impact on opening balances

In accordance with the transitional provisions of FRS 139, the above changes are applied prospectively and the comparatives as at 31 January 2010 are not restated. Instead, the changes have been accounted for by restating the following opening balances in the balance sheet as at 1 February 2010.

	Previously stated RM'000	Effect of FRS 139 RM'000	As restated RM'000
Assets			
Trade and other receivables	82,923	(422)	82,501

10. Valuations of Property, Plant and Equipment

The valuations of property, plant and equipment have been brought forward without amendment from the previous financial statements.

11. Subsequent Events

There were no material events subsequent to the end of the interim period that have not been reflected in the financial statements for the interim period.

12. Changes in Composition of the Group

There are no changes in the composition of the Company and the Group for the financial quarter ended 30 April 2010.

13. Contingent Liabilities

There were no material contingent liabilities since the last annual balance sheet date.

14. Capital Commitment

There were no material capital commitments as at the end of the quarter under review.

15. Review of Group's Performance

For the quarter under review, revenue for the Group increased by 877.8% from RM 5.7 million to RM55.7 million as compared with preceding year corresponding quarter. The increase was mainly attributed to the increase in sales in the cocoa segment and an increase in production and export volume in the oil palm segment.

16. Comment On Material Changes In Profit Before Taxation

The Group registered a profit before taxation of RM3.1 million as compared with RM 0.9 million in the immediate preceding quarter. The increase was in line with all favourable factors as stated above.

17. Current Year Prospects

Looking forward, the cocoa segment remains challenging to the Group and as for the oil palm segment, the management is positive of its sustainable global demand and sustainable prices. Accordingly, the management will emphasize more focus in this segment and is optimistic about the Group's performance for the current year.

18. Profit Forecast

The Group did not announce any profit forecast or profit guarantee during the current financial period.

19. Taxation

	Current Quarter 30/04/2010 RM'000	Year-To- Date 30/04/2010 RM'000
Taxation for the current period	228	228
Deferred taxation for the current period	272	272
	500	500

The effective tax rate of the Group for the current quarter under review was higher than the statutory tax rate mainly due to tax imposed on interest income which is taxable as a separate source.

20. Profit or Loss on Sale of Unquoted Investment and/or Properties

There was no sale of unquoted investments and/or properties during the current quarter and financial year-to-date.

21. Quoted Securities
