15. PERFORMANCE REVIEW

(a) 5Q 2020 vs. 1Q 2019

The ongoing Covid-19 pandemic and the containment measures have posed an unprecedented challenge to the Group particularly in the Food and Beverage and Tourism Sector. This has resulted in the Group recording an operational loss before tax of RM1.77M. However, with the recognition of gain on disposal of investment property, the Group recorded Profit Before Tax ("PBT") of RM9.16M in the current quarter under review ("5Q 2020") compared to PBT of RM0.11M in the preceding quarter ("1Q 2019"). This was supported by higher revenue from the Energy Sector.

Energy Sector: During this quarter the sector recorded significantly higher revenue of RM4.43 million and a PBT of RM1.87 million as compared to 1Q 2019 of RM2.91 million and Loss Before Tax ("LBT") RM2.21 million respectively. This significant improvement by 43% was contributed by the higher revenue generated by the Kenerong Hydro Power Plant and supported by lower operating expenses.

Food & Beverage and Tourism Sector: The sector recorded revenue and PBT of RM4.21 million and RM0.01 million respectively as compared to 1Q 2019 of RM6.42 million and RM2.14 million respectively. The decline in revenue and profitability was due to the effect of the Covid-19 outbreak and the restrictions on movement and travel starting from 18 March 2020.

Manufacturing Sector: The sector recorded a lower LBT of RM0.19 million as compared to LBT of RM0.88 million in 1Q 2019. This was mainly due to the lower operating expenses after the cessation of its switchgear business in 2019.

16. COMMENT ON MATERIAL CHANGE IN PROFIT BEFORE TAXATION OF CURRENT QUARTER COMPARED WITH IMMEDIATE PRECEDING QUARTER

	Quarter Ended				
	31.03.2020	Changes			
	RM'000	RM'000	%		
Revenue	11,848	23,362	(49)		
Cost of sales	(5,392)	(13,686)	(61)

Other expenses	(296)	(387)	(24)		
Operating profit/(loss)	10,091	3,683	174		
Finance costs	(932)	(1,088)	(14)		
Profit/(loss) before taxation	9,159	2,595	253		

As compared to the preceding quarter ended 31 December 2019 ("4Q 2019"), the Group recorded higher PBT by RM6.56M mainly due to the recognition of gain on disposal of investment property despite the revenue being adversely affected by the Covid-19 pandemic and restriction on movement and travel.

17. COMMENTARY ON PROSPECTS

The Covid-19 pandemic and Movement Control Order ("MCO") restrictions have significantly affected the Malaysian and global economies during the first half of the year. The economic recovery is expected to take a longer period and has disrupted consumer sentiments and spending.

Having diversified businesses within the Group has allowed the Group to mitigate the impact of the pandemic. The Group will continue its effort to ensure all strategies are implemented accordingly and will focus on factors that are within the Group's control, including cost optimisation and increasing efficiencies by adopting technology within the business processes.

The Energy Sector, especially Musteq Hydro's Sungai Kenerong Hydro Power Plant is expected to continue registering profitability for the group by optimising the operations of all its four turbines. While Stratavest's Libaran Power Plant is expected to recommence operations within the year to be able to continuously support the Sabah State grid requirements.

Despite having to adopt to the new normal for operations, the Food & Beverage and Tourism Sector is expected to improve from the current situation and will be mainly driven by the expected increase in revenue by the Tourism segment due to the strategic collaboration with the local tourism players within the country.

The Manufacturing Sector expects to face a challenging period and slow recovery in the second half of the year.
