Unaudited Quarterly Report on consolidated results for the 1st quarter ended 31 March 2010

#### Notes to the Interim Financial Report For the 1st Quarter ended 31 A) March 2010: Explanatory Notes in compliance to FRS 134 on Interim **Financial Reporting**

#### (1) **Basis of Preparation**

The interim financial statements have been prepared in accordance with FRS 134: Interim Financial Reporting issued by the Malaysian Accounting Standards Board ("MASB") and paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad. The interim financial statements have been prepared using the same accounting policies, methods of computation and basis of consolidation as those used in the preparation of the audited financial statements for the financial year ended 31 December 2009.

The interim financial statements should be read in conjunction with the audited financial statements for the year ended 31 December 2009. These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since financial year ended 31 December 2009.

#### (2) **Changes in Accounting Policies**

xi.

The Group has not opted for early adoption of the following new and revised FRSs and Issues Committee Interpretations ("IC Interpretations"), which are applicable to the Group which are effective for financial periods beginning on or after 1 July 2010.

i.	FRS 1	: First –time Adoption of Financial Reporting Standards
ii.	FRS 2	: Amendments to FRS2 Share-based Payment
iii.	FRS 3	: Business Combinations
iv.	FRS 5	: Amendments to FRS5 Non-current Assets Held for Sale
		And Discontinued Operations
V.	FRS 127	: Consolidated & Separate Financial Statements
vi.	FRS 138	: Amendments to FRS 138 Intangible Assets
vii.	IC Interpretation 9	: Amendments to IC interpretation 9 Reassessment of
		Embedded Derivatives
viii.	IC Interpretation 12	: Service Concession Arrangements
ix.	IC Interpretation 15	: Agreements for the Construction of Real Estate
Χ.	IC Interpretation 16	: Hedges of a Net Investment in Foreign Operation

The adoption of the above FRSs are expected to have no significant changes in the accounting policies of the Group or has no significant impact on the Financial Statements.

IC Interpretation 17 : Distributions of Non-cash Assets to Owners

# Unaudited Quarterly Report on consolidated results for the 1st quarter ended 31 March 2010

The significant accounting policies adopted are consistent with those of the audited financial statements for the year ended 31 December 2009, except for the adoption of the following new Financial Reporting Standards (FRSs) and Amendments to FRSs with effect from 1 January 2010. On 1 January 2010, the Group has adopted the following FRSs:-

#### a) FRS 101: Presentation of Financial Statements

Prior to the adoption of the revised FRS 101, the components of the financial statements presented consisted of a balance sheet, an income statement, a statement of changes in equity, a cash flow statement and notes to the financial statements. With the adoption of the revised FRS 101, the components of the interim financial statements presented consist of a statement of financial position, a statement of comprehensive income, a statement of changes in equity, a statement of cash flows and notes to the financial statements.

#### b) FRS 139 – Financial Instruments: Recognition and Measurement

The adoption of FRS 139 does not have any significant impact on the profit for the financial year to date but has resulted in financial instruments of the Group to be categorized and measured using the accounting policies summarized below:-

#### (i) Initial recognition and measurement

A financial instrument is recognised in the financial statements when, and only when, the Group or the Company becomes a party to the contractual provision of the instrument.

A financial instrument is recognised initially, at its fair value plus, in the case of a financial instrument not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial instrument. Transaction costs incurred on the acquisition or issue of financial instrument classified at fair value through profit and loss is expensed to income statement immediately.

#### (ii) Subsequent measurement

Subsequent measurement of financial instrument depends on their classification on initial recognition by Management depending on the purpose for which the financial instrument was acquired. The Group classifies financial assets and financial liabilities under the following four categories:

# Unaudited Quarterly Report on consolidated results for the 1st quarter ended 31 March 2010

#### Financial assets at fair value through profit or loss

Fair value through profit or loss category comprises financial assets that are held for trading, including derivatives (except for a derivative that is a designated and effective hedging instrument) or financial assets that are specifically designated into this category upon initial recognition. All changes in fair value relating to assets at fair value through profit and loss are charged to the income statement as incurred.

#### Loan and receivables

Loan and receivables category comprises debt instruments that are not quoted in an active market, trade and other receivables and cash and cash equivalents. Financial assets categorized as loan and receivables are subsequently measured at amortised cost using the effective interest method. Impairment charges are provided only when there is objective evidence that an impairment loss has been incurred. If that is the case, the carrying amount of the asset is reduced through use of an impairment account. The amount of the loss is recognised in the income statement.

Assets classified in this category are included in current assets, except for maturities greater than 12 months after the balance sheet date of which are classified as non-current assets. Typically trade and other receivables are classified in this category.

#### Financial liabilities at fair value through profit or loss

Liabilities are classified in this category when they are held principally for the purpose of selling or repurchasing in the near term (trading liabilities) or are derivatives (except for a derivative that is designated and effective hedging instrument) or meet the conditions for designation in this category. All changes in fair value relating to liabilities at fair value through profit and loss are charged to the income statement as incurred.

#### Other financial liabilities

All liabilities, which have not been classified in the previous category fall into this residual category. The financial liabilities of the Group comprise trade and other payable, borrowings and derivative financial liabilities. All financial liabilities are subsequently measured at amortised cost using effective interest method.

Items classified within trade and other payables are not usually re-measured, as the obligation is usually known with a high degree of certainty and settlement is short-term.

# Unaudited Quarterly Report on consolidated results for the 1st quarter ended 31 March 2010

#### a) Borrowings

Prior to the adoption of FRS 139, transaction costs attributable to borrowings were expensed off as incurred. With the adoption of FRS 139, borrowings are now recognised initially at fair value, plus directly attributable transaction costs. They are subsequently measured at amortised cost using the effective interest rate method.

#### (iii)Financial Assets Impairment Test

The adoption of FRS 139 has resulted in a change in the accounting policy relating to assessment for impairment of financial assets, particulary loans and advances. The Group assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired. The loan or group of loans is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the loan and that the loss event has an impact on future estimated cash flows of the loan or group of loans that can be reliably estimated.

As allowed under the transitional provisions of FRS 139, the Group has not applied the standard retrospectively.

#### c) FRS 7 – Financial Instruments: Disclosures

The adoption of FRS 7 during the financial period has resulted in some changes to the disclosure of financial instruments, whereby the disclosures are now made by categories of financial assets and liabilities. Since these changes only affect the presentation of disclosure items, there is no impact on the financial results of the Group.

#### d) Amendment to FRS 117 Leases

Prior to the adoption of the Amendment to FRS 117, leasehold lands were treated as operating leases. The considerations paid were classified and presented as prepaid lease payments in the statement of financial position. With the adoption of the Amendment to FRS 117, the classification of a leasehold land as a finance lease or an operating lease is based on the extent to which risk and rewards incident to ownership lie. Based on this, the Group has concluded that the existing leasehold lands remain as operating lease.

# Unaudited Quarterly Report on consolidated results for the 1st quarter ended 31 March 2010

#### e) FRS 8 – Operating Segments and Amendment to FRS 8 Operating Segments

FRS 8 which replaces FRS 1142009 Segment Reporting, requires the identification of operating segments based on internal reports that are regularly reviewed by the Group's chief operating decision maker in order to allocate resources to the segments and to assess their performance. No further segmental information disclosures are necessary as the Group relies on internal reports that are similar to those currently disclosed externally.

#### f) Amendments to FRS 123 Borrowing costs

This standard replaces FRS 1232004, with the main difference being the removal of the option to expense borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset, and instead requires an entity to capitalise all such borrowing costs as part of the cost of that asset.

The adoption of the above FRSs are expected to have no significant impact on the Financial Statements.

#### (3) Audit Report

The Group's financial statements for the year ended 31 December 2009 were reported without any qualification.

#### (4) Seasonal or Cyclical Factors

The business operation of the Group were not significantly affected by seasonal or cyclical factors.

#### (5) Unusual Items Affecting Financial Statements

Unaudited Quarterly Report on consolidated results for the 1st quarter ended 31 March 2010

- B) Notes to the interim Financial Reporting for the 1st Quarter ended 31 March 2010: Explanatory Notes in compliance with Appendix 9B Part A of the BMSB Listing Requirements
- (1) Review of Performance of the Company and its Principal Subsidiaries

First Quarter ended 31 March 2010 compared with First Quarter ended 31 March 2009

For the current quarter ended 31 March 2010, the Group registered gross revenue of RM26.1 million compared to the corresponding quarter ended 31 March 2009 of RM 21.5 million.

The Group recorded profit before tax of RM1.6 million in the current quarter compared to the profit before tax of RM1.3 million in the previous corresponding quarter. The better of performance is mainly due to increase in demand which has offset the impact of the resins price and gain on foreign exchange translation.

(2) Material Changes In The Quarterly Results Compared to the Results of the Preceding Quarter

First Quarter ended 31 March 2010 against preceding quarter ended 31 December 2009

For the current quarter under review, the Group registered higher gross revenue of RM26.1 million compared to the preceding quarter of RM24.8 million which represented an increase of 4.9% or RM1.3 million. However, the Group registered a lower profit before tax of RM1.6 million compared to a profit before tax of RM2.4 million in the preceding quarter. The decrease of net profit is mainly due to higher resin cost incurred during the current quarter which has reduced the profit margin.

(3) **Prospects for Year 2010** 

The Board is of the opinion that the Group would remain profitable for the current financial year ending 2010.

(4) Variance of Actual Profit from Forecast Profit

#### (10) Off Balance Sheet Financial Instruments

This item is not applicable.

#### (11) Material Litigation

On 23 July 2008, the Company and a subsidiary have filed a civil suit against a Malayan Banking Berhad ("the Bank") vide Civil Suit No D6-22-1369-2008 for breach of their legal obligations owed to subsidiary("Company's Suit"). The Company and subsidiary are now claiming from the Bank for special and genaral damages together with interest thereon and also for certain declarations and orders.

On 25 February 2009, the Company and the subsidiary were served with a Writ of Summons by the Bank vide Suit No D-22-152-2009 demanding full repayment of facilities granted to the subsidiary in which the Company is the corporate guarantor. The total amount claimed by the Bank against the Group is RM10,698,151 together with interest calculated at 3.50% above the base lending rate per annum commencing from 1 November 2008 till the settlement of this case ("Bank's Suit"). On 2 June 2009, the Group has filed a defence and counter claim, disputing the Bank's Suit and the Counterclaim filed is similar with the Company's claim in the Company's Suit.

The Group has been advised by its solicitors that the Bank's Suit are related to or connected to the Company's Suit filed on 23 July 2008, as both these Suits relates to the dispute arising from the Facilities which were granted by the Bank to the subsidiary.

On 1 July 2009, an application has been filed by the Group to consolidate the 2 suits and on 2 March 2010, the High Court has allowed the Group's application to consolidate the Suits.

On 17 November 2009, pursuant to the Bank's Suit, the Bank has also filed an application for summary judgment. Upon hearing the Bank's application for summary judgment, the High Court has dismissed the Bank's application on 2 March 2010. The Bank being dissatisfied with decision of the High Court has filed an appeal to the Court of Appeal and to date there is no hearing date for the appeal.

The Group is now preparing the necessary documents to proceed with the trial of the Company's Suit and Bank's Suit in which both these Suits will be determined by way of a full trial.

Based on advice from the Group's solicitors, the directors of the Company are of the opinion that the Company's Suit against the Bank are bona fide and also the Group has a bona fide and good defence in respect of the Bank's Suit.
