## NOTES TO CONDENSED FINANCIAL STATEMENT (UNAUDITED)

## A1. Basis of Preparation

The condensed financial statements are unaudited and have been prepared in accordance with the requirements of FRS 134: Interim Financial Reporting and paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Malaysia").

The condensed financial statements have been prepared on the assumption that the Group is a going concern. The appropriateness of using the going concern assumption is highly dependent upon the successful implementation of a regularization plan. As such, the condensed financial statements have not included any adjustments to the value and classification of assets and liabilities that may be necessary if the going concern assumption is no longer appropriate. Although it is the intenttion to the Directors to continue to operate the Group as a going concern, this can only be assured with the support of the lenders and shareholders.

The condensed financial statements should be read in conjunction with the audited financial statements for the financial year ended 31 December 2009. These explanatory notes attached to the condensed financial statements provide an explaination of events and transactions that are significant to an understanding of the changes in the financial position and performance of VTI Vintage Berhad ("the Company" or "Vintage") and all its subsidiaries (collectively known as "the Group") since the financial year ended 31 December 2009.

## (i) FRS 8 Operating Segments

FRS 8 requires segment information to be presented on a similar basis to that used for internal reporting purposes. As a result, the Group's segment reporting had been presented based on the internal reporting to the chief operating decision maker who makes decision on the allocation of resources and assesses the performance of the reportable segments. This standard does not have any impact on the financial position of the Group.

## (ii) FRS 101 Presentation of Financial Statements

FRS 101 requires the separation of owner and non-owner changes in equity. Therefore, the current consolidated statement of changes in equity only includes detailes of transactions with owner. All non-owner changes in equity, if any, will presented as a single line labelled as total comprehensive income.

In addition, FRS 101 has introduced new title on the financial statements. Statement of Financial Position has replaced Balance Sheet, Statement of Comprehensive Income has replaced Income Statements and Statement of Cash Flows has replaced Cash Flow Statements. This Standard does not have any material impact on the financial position and results of the Group.

## (iii) Amendment to FRS 117 Leases

Amendment to FRS 117 Leases: Clarifies on the classification of leases of land and buildings. The resulting effect of this FRS taking effect was the reclassification of prepaid leases on land into property, plant and equipment. The effect of the reclassification in the consolidated statement of financial position is as follows:

## (iii) FRS 139 Financial Instruments: Recognition and Measurement

FRS 139 establishes the principles for the recognition and measurement of financial assets and financial liabilities including circumstances under which hedge accounting is permitted. The Group determines the classification at initial recognition and for the purpose of the first time adoption of the standard, as at transitional date on 1 January 2010.

The Group categories financial instruments as follows:

#### Financial assets

## (i) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss category comprise equity investments that are initially measured at fair value. Any subsequent gain or loss arising from changes in fair value of the financial assets are recognised through profit or loss. The fair values of investments that are actively traded in organised financial markets are determined by reference to the relevant Exchange's quoted market bid prices at the close of business on the reporting date. For investments that do not have quoted market prices in an active market, the fair values are measured based on the net tangible assets of the latest available financial statements.

## (ii) Loans and receivables

Loans and receivables are intially measured at fair value and subsequently measured at amortised cost using the effective interest rate ("EIR") method. Gains or losses arising from the derecognition of the loans and receivables, EIR amortisation and impairment loss are recognised in profit and loss.

## **Financial liabilties**

Financial liabilities are classified as financial liabilities at fair value through profit or loss, loans and borrowings, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

The Group's financial liabilities include trade and other payables, loans and borrowings. All financial liabilities are initially measured at fair value and are subsequently measured at amortised cost, using the effective interest method.

This standard does not have any impact on the financial position of the Group.

## A3. Auditors' Report on Preceding Annual Financial Statements

The auditors' report on the financial statements for the financial year ended 31 December 2009 was not qualified. However, the auditors' report of the Company has the following "Emphasis of Matter":

The Company incurred a loss for the year of RM70,580,098 and as at the balance sheet date, the Company's current liabilities exceeded its current assets by RM6,121,971 and its total liabilities exceeded its total assets by RM5,586,114. The financial statements have been prepared on the going concern basis, the appropriateness of which is dependent upon the Company obtaining sufficient finance from the shareholders or from other sources to finance the further operations of the Company."

The auditors' reports of subsidiary companies, Vintage Tiles Industries Sdn Bhd, Vintage Tiles Holdings Sdn Bhd, Vintage Roofing & Construction Sdn Bhd, Newsteel Building Systems Sdn Bhd, Tirai Impresif Sdn Bhd (Subsidiary of Vintage Roofing & Construction Sdn Bhd) contain an emphasis of matter relating to the appropriateness of the going concern basis of accounting used in the preparation of their financial statements.
