NOTES TO CONDENSED FINANCIAL STATEMENT (UNAUDITED)

A1. Basis of Preparation

The condensed financial statements are audited and have been prepared in accordance with the requirements of FRS 134: Interim Financial Reporting and paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Malaysia").

The condensed financial statements have been prepared on the assumption that the Group is a going concern. The appropriateness of using the going concern assumption is highly dependent upon the successful implementation of a regularisation plan. As such, the condensed financial statements have not included any adjustments to the value and classification of assets and liabilities that may be necessary if the going concern assumption is no longer appropriate. Although it is the intention of the Directors to continue to operate the Group as a going concern, this can only be assured with the support of the lenders and shareholders.

The condensed financial statements should be read in conjunction with the audited financial statements for the financial year ended 31 December 2010. These explanatory notes attached to the condensed financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of VTI Vintage Berhad ("the Company" or "Vintage") and all its subsidiaries (collectively known as "the Group") since the financial year ended 31 December 2010.

The initial applications of the above applicable new FRSs, revised FRSs, IC Interpretations and amendments to FRSs is not expected to have any material impact on the financial statements of the Group, except as discussed below:

(a) FRS 127: Separate Financial Statements

This Standard supersedes the existing FRS 127 and replaces the current term 'minority interest' with a new term 'non-controlling interest' which is defined as the equity in a subsidiary that is not attributable, directly or indirectly, to a parent. Accordingly, total comprehensive income shall be attributed to the owners of the parent and to the non-controlling interest, even if this results in the non-controlling interest having a deficit balance.

Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. If the Group loses control of a subsidiary, any gains or losses are recognised in profit or loss and any investment retained in the former subsidiary shall be measured at its fair value at the date when control is lost.

The Group re-phrased its minority interest as non-controlling interest and remeasured the non-controlling interest prospectively in accordance with the transitional provisions of the revised FRS 127.

A3. Auditors' Report on Preceding Annual Financial Statements

The auditors' report on the financial statements for the financial year ended 31 December 2010, was qualified as follows :

"As disclosed in Note 2(a) to the financial statements, the Group and the Company incurred a net loss of RM11,254,367 and RM770,916 respectively during the financial year ended 31 December 2010. As at 31 December 2010, the Group and the Company's current liabilities exceeded their current assets by RM34,859,208 and RM6,939,354 respectively and the Company has triggered paragraph 2.1(a) of Practice Note 17 ("PN17") criteria's and is therefore classified under PN17.

The Group and the Subsidiaries are faced with numerous legal suits filed by creditors who have alleged that outstanding debts are owed to them. The Company had proposed a debt restructuring scheme under Section 176(10) of the Companies Act, 1965. The Company and all its subsidiaries obtained a Restraining Order on 22 July, 2009 for 90 days under Section 176(10) Companies Act, 1965 for the purpose of finalising the scheme. The Restraining Order has been renewed by the High Court several times and is currently valid until 7 May, 2011. Details of this Restraining Order are fully described in Note 31(b) of the Notes to the Financial Statements.

The Company has submitted a regularisation plan to Bursa Malaysia Securities Berhad on 22 April 2011, a summary of which is disclosed in Note 31(a)(ii) of the Notes to the Financial Statements. The significant issues in the regularisation plan includes amongst others, the private placement of 12,000,000 new VTI Vintage Berhad shares and the issue of a Renounceable Rights Issue of 31,497,200 new VTI Vintage Berhad shares. We do not give an opinion on the significant issues mentioned in view of their material uncertainty.

The preparation of the condensed financial statements of the Group and the Company on a going concern basis is significantly dependent on the outcome of the regularisation plan. The successful implementation of the regularisation plan and the ability of the Group and the Company to operate profitably in the foreseeable future, indicates the existence of material uncertainties which may cast significant doubt about the Group and the Company's ability to continue as a going concern."

Similarly, the auditors' report of subsidiary companies, Vintage Tiles Industries Sdn Bhd, Vintage Roofing & Construction Sdn Bhd, Vintage Tiles Industries (EM) Sdn Bhd and Tirai Impresif Sdn Bhd have also been qualified in respect of the going concern basis.

The auditors' reports of another subsidiary company, Newsteel Building Systems Sdn Bhd, contain an emphasis of matter relating to the appropriateness of the going concern basis of accounting used in the preparation of their financial statements.
