The decrease in loss before tax compare to the previous corresponding period mainly due to the low sale of the shop office in Kepong only as compared with the sale for the service apartment and shop office in Jalan Kuching residential project in previous corresponding period.

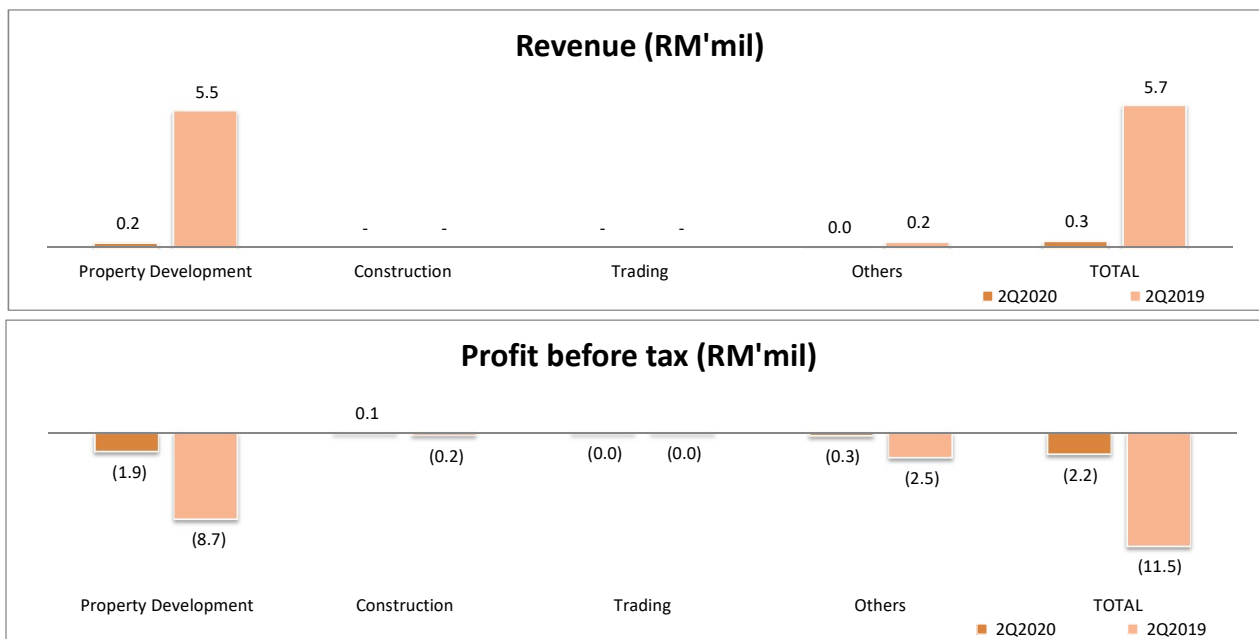

B1 Review of Performance - Comparison with Previous Corresponding Period and Quarter (cont'd)

For the current quarter ended 30 June 2020, the Group recorded a revenue of RM2.3 million, a decrease of 86% from RM15.8 million compared to the previous corresponding quarter ended 30 June 2019.

The decrease revenue for current quarter was also affected by the Movement Control Order ("MCO") and Conditional Movement Control Order ("CMCO") implemented by the government under the Prevention and Control of Infections Disease Act 1988 to curb the spread of Covid-19 pandemic.

The loss before tax for the current quarter is RM9.2 million, a decrease of 38% as compared to loss before tax of RM14.8 million in the corresponding quarter. This is mainly due to only sale of shop office in Kepong project in the current quarter as compared with the sale of Jalan Kuching residential and commercial property in previous corresponding quarter.
