# NOTES TO THE QUARTERLY REPORT FOR THE FINANCIAL QUARTER ENDED 31 MARCH 2009

# B ADDITIONAL INFORMATION REQUIRED BY THE BURSA SECURITIES' LISTING REQUIREMENTS

Review of the performance of the Company and its Principal Subsidiaries.

The Group recorded a pre-tax loss for the current period todate of RM6.894 million as compared to the preceding year's corresponding period of a pre-tax loss of RM0.900 million. The pre-tax loss registered was mainly attributed to the following :-

- i) The consumer products division's new finance scheme introduced at the end of January 2008 generated a lower margin as compared to the previous scheme. In addition, income from service charges on loan has decreased due to a lower loan base as a result of redemption of loans.
- ii) Our e-gaming club in Ho Chi Minh, Vietnam remained closed due to the unlawful interference of its business by Ramana Saigon Hotel, formerly known as Amara Saigon Hotel Co. Ltd, ("the Hotel"). As operation has ceased, the balance of the unamortised amount of the total investment in the club of RM5.133 million was fully impaired during the year, which further contributed to the Group's pre-tax loss. In addition, the Hotel has unlawfully destroyed our newly renovated club, resulting in a write off of renovation costs of RM0.277 million.
- iii) The hotel operation in Lao PDR continued to contribute to a pre-tax loss of RM1.607 million as the gaming operating license has yet to be obtained.
- iv) Relocation of our corporate office to our newly acquired office units in Solaris Mont' Kiara has resulted in a write off of old fixtures and fittings of approximately RM0.171 million.
- v) The government in Cambodia has suspended and ordered the closure of all e-gaming clubs in February 2009 until further notice from the Authority. As such, a provision of RM2.677 million was made on the advances given to the e-gaming club in Cambodia. In addition, an impairment of gaming machines of RM0.548 million was made.
- 2 Material changes in the Quarterly Results compared to the results of the Preceding Quarter For the 4th quarter ended 31 March 2009, the Group achieved a turnover of RM2.874 million and generated a pre-tax loss of RM5.409 million as compared to RM3.178 million and RM0.816 million loss in the previous quarter ended 31 December 2008 respectively. The manufacturing and gaming segment experienced a slowdown in business in view of the current global financial crisis. In addition, increased market competition and competitive pricing in the consumer finance business has also led to a drop in revenue. The main contributing factor to the pre-tax loss for the current quarter was the impairment amount of the total investment in our e-gaming club in Ho Chi Minh amounting to RM4.126 million in the current quarter, as disclosed in Note 1(ii) of Part B. Other significant contributing factor has been disclosed in Note 1(v) of Part B.

3 Prospects

- i) The new consumer finance scheme implemented in January 2008 is expected to contribute positively to the revenue of the Group but will increasingly face stiff market competition due to competitiveness of other schemes in the market.
- ii) Wire Master Spring Sdn Bhd, the manufacturing business, is strived to maintain its competitiveness in the market by increasing its market share, cost reductions, etc.
- iii) Management fees derived from provision of equipment, operation and management services for e-gaming club in Nha Trang, Vietnam is expected to contribute positively to the long term earnings of the Group.

# NOTES TO THE QUARTERLY REPORT FOR THE FINANCIAL QUARTER ENDED 31 MARCH 2009

3 Prospects (Cont'd)

- iv) In February 2009, the Cambodian government ordered the closure of all e-gaming clubs in Cambodia until further notice from the Authority. The prospect of the revenue stream of management fees derived from provision of equipment, operation and management service for e-gaming club in Phnom Penh, Cambodia has been affected by the unexpected change of legislature in Cambodia. We have since relocated our gaming machines in Phnom Penh to two casinos and working together with the casino on a profit sharing basis.
- v) Our e-gaming club in Ho Chi Minh, Vietnam, owned by Enselini International Limited ("EIL"), a 65% held subsidiary, and operated by another subsidiary, Remarkable Group Limited ("RGL"), remained closed due to the unlawful interference of its business by the Hotel as they have refused to recognise RGL as the legal operator of the club despite a court order obtained in January 2007 confirming the legal status of the operator of the club. As reported in the previous quarter, RGL has since initiated a legal action against the Hotel on 14 May 2008. The closure of the club has affected the revenue and earnings of the gaming segment of the Group in the current financial year.
- vi) On 4 November 2008, a notice from the Lao PDR Government was received informing us that our application for a gaming operating license in Riveria Hotel, Thakhek, has been rejected. Reason for this rejection was based on the Lao PDR Government's decision that gaming licenses can only be issued at the Federal Government level instead of the Provincial Government level. We are currently exploring other alternatives which include a joint venture with other gaming operators.
- 4 Variance of Actual Profit from Forecast Profit

5 Taxation

	As at
	31-Mar-09

Current year taxation	424
(Over)/Under provision in prior year	(6)

The disproportionate tax charge is mainly due to certain expenses being disallowed for tax purposes and profits generated by a subsidiary incorporated in the British Virgin Islands, which is not taxable.

6 Profit/(loss) on sale of properties and/or unquoted investments

There were no material profits or losses on sale of properties / unquoted investments for the financial period under review.
