13. Review of performance of the Company and principal subsidiaries, setting-out material factors affecting earnings and/or revenue of the Company and Group for the financial year-to-date

The current quarter revenue period ended 31 December 2020 amounted to RM42.2 million, which was RM8.8 million or 17.3% lower than RM51.0 million for the same quarter last year. The Group recorded a pre-tax profit of RM3.9 million as compared to a pre-tax profit of RM3.7 million for the same period of the preceding year. The lower revenue and higher pre-tax profit were due to revenue rationalisation with cost management undertaken during Movement Control Order (MCO) and lower finance cost following repayment of borrowings.

14. Comparison with preceding quarter's results

The Group recorded a decrease in revenue of RM7.0 million for the current quarter ended 31 December 2020 to RM42.2 million as compared to RM49.2 million in the preceding quarter ended 30 September 2020. This is mainly due to slower than expected economic recovery and weaker consumer sentiment since the resumption of operations after the Covid-19 pandemic Movement Control Order (MCO).

The Group recorded a pre-tax profit of RM3.9 million for the current quarter ended 31 December 2020 as compared to pre-tax profit of RM5.8 million recorded for the quarter ended 30 September 2020. This was a result of a lower turnover mitigated by the reduction in operating expenses during the period.

15. Current year prospects

In response to the evolving COVID-19 pandemic, the company continues to adhere to its plans to keep its employees and customers safe, as well as ensuring continue operations and business continuity. In addition, our supply chain partners remain supportive.

Our business so far has remained resilient despite the impact of MCO/RMCO. We have also benefitted from the stimulus packages offered by the Malaysian Government which helped to manage our expenses. Moving forward we will remain cautiously optimistic of a recovery in our financial year as the market becomes more challenging after the loan moratorium ends and the re-imposition of MCO.
