Notes to the Interim Financial Statements - 31 July 2019

Part A - EXPLANATORY NOTES

A1. Basis of preparation

The interim financial statements have been prepared under the historical cost convention. The interim financial statements are unaudited and have been prepared in accordance with the requirements of Malaysian Financial Reporting Standards ("MFRS") 134: Interim Financial Reporting and Chapter 9.22, part K of Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities"). The interim financial report is in compliance with IAS 34 Interim Financial Reporting issued by the International Accounting Standards Board.

The interim financial statements should be read in conjunction with the explanatory notes attached to the interim financial statements which provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group.

A2. Changes in Accounting Policies

The accounting policies adopted are consistent with those of the previous financial year except as follows:

On 1 February 2019, the Company adopted the following new and amended MFRS and IC Interpretations mandatory for annual financial periods beginning on or after 1 January 2019.

<u>Description</u>	Effective for annual period beginning on or after
Amendments to MFRS 9 - Prepayment Features with Negative Compensation	1 January 2019
Amendments to MFRS 3 - Annual Improvements to MFRS Standards 2015-2017 Cycle	1 January 2019
Amendments to MFRS 11 - Annual Improvements to MFRS Standards 2015-2017 Cycle MFRS 16 - Leases	1 January 2019 1 January 2019
Amendments to MFRS 112 - Annual Improvements to MFRS Standards 2015-2017 Cycle	1 January 2019
Amendments to MFRS 119 - Plan Amendment, Curtailment or Settlement	1 January 2019
Amendments to MFRS 123 - Annual Improvements to MFRS Standards 2015-2017 Cycle	1 January 2019
Amendments to MFRS 128 - Long-term interests in Associates and Joint Ventures	1 January 2019
IC Interpretation 23 - Uncertainty over Income Tax Treatments	1 January 2019

Adoption of the above standards and interpretations did not have any significant impact on the financial performance or position of the Group, except as mentioned below:

i. MFRS 16 Leases

MFRS 16 replaced MFRS 117: Leases, IC Interpretation 4: Determining whether an Arrangement contains a Lease, IC Interpretation 115: Operating Lease-Incentives and IC Interpretation 127: Evaluating the Substance of Transactions Involving the Legal Form of a Lease. MFRS 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under MFRS 117.

At the commencement date of a lease, a lessee recognised a liability to make lease payments and an asset representing the right to use the underlying asset during the lease term. Leases are required to recognise interest expense on the lease liability and the depreciation expense on the right-of-use asset.

Notes to the Interim Financial Statements - 31 July 2019 (contd.)

Part A - EXPLANATORY NOTES (CONTD.)

MFRS 16 Leases (cont'd.)

Lessor accounting under MFRS 16 is substantially the same as the accounting under MFRS 117. Lessors continued to classify all leases using the same classification principle as in MFRS 117 and distinguish between two types of leases: operating and finance leases

The standard affected primarily the accounting for the Group's non-cancellable operating leases. The Group recognised right-of-use assets and corresponding liabilities by applying the modified retrospective approach and not restate comparative amounts for the year prior to initial adoption. Right-of-use assets is measured at an amount equal to the lease liability amount on the date of transition.

In summary, upon the adoption of MFRS 16, the Group recognized the following balances as at 1 February 2019.

Assets/ (Liabilities) As at 1 February RM'000

Rights-of-use assets 1,526 Lease liabilities 1,526

In the statement of profit and loss, expenses which were previously recognised as lease expenses in the cost of sales are now replaced by interest expense on lease liabilities (included within the finance costs line) and depreciation of right-ofuse assets. In the statement of cash flow, lease payments for the principal portion are now classified under financing activities compared to operating activities in the past.

Notes to the Interim Financial Statements - 31 July 2019 (contd.)
