Current quarter review

For the current financial quarter ended 31 July 2024, the Group achieved revenue of RM181.84 million, a slight decrease of 1.9% compared to RM185.32 million recorded in the preceding year corresponding quarter.

The Group's operating profit stood at RM10.71 million compared to an operating loss of RM6.50 million in the preceding year corresponding quarter. The operating loss in the preceding year corresponding quarter was mainly due to the goodwill impairment of RM22.71 million related to its operations in Myanmar. Excluding the impact of the goodwill impairment in the preceding year corresponding quarter, the current quarter's operating profit decreased by 34.0% mainly due to heightened market competition, increase in freight costs and changes in the product mix.

12-month review

For the financial year ended 31 July 2024, the Group's revenue decreased by 7.9% to RM713.51 million, down from RM774.78 million in the preceding financial year. This decline was attributed to reduced demand in both export and domestic markets. Domestic revenue contributed RM381.90 million or 53.5% of group revenue and exports contributed RM331.61 million or 46.5% of group revenue.

Excluding the impact of the goodwill impairment of RM22.71 million in the preceding year, the Group recorded a lower operating profit of RM47.93 million for the current financial year, a decrease of 25.8% compared to the preceding financial year of RM64.62 million. The reduction in operating profit was mainly attributed to the decline in revenue and product mix.

B2 Variations of the quarterly results as compared to the results of the preceding quarter

For the three months ended 31 July 2024, the Group revenue remained stable at RM181.84 million compared to RM182.85 million in the preceding quarter. A lower PBT was recorded at RM9.80 million, a decline of 27.4% compared to RM13.49 million recorded in the preceding quarter. Product margins in the current quarter were impacted by changes in product mix, heightened market competition and fluctuation of foreign exchange currency.

B3 Current financial year prospects

The global market outlook continues to remain challenging due to the ongoing political uncertainties, rising inflationary pressures, upsurge of freight cost due to shipping disruption as well as softer market sentiments.

The Group stays focused to maintain its operational efficiencies and competitiveness. The Group manages its operational costs through optimisation of machine utilisation, wastage control and increase workforce productivity.

With consumer lifestyle increasingly leaning towards sustainability, the Group is committed to leveraging its technical expertise and innovative capabilities to develop customer-centric packaging solutions that align with market demand and environmental responsibility.

As part of its effort to reduce carbon footprint through embedment of sustainability into business operation, the Group has kicked off the implementation of solar rooftop photovoltaic (PV) system anticipating a more sustainable energy consumption in near future. The installation is in progress and is targeted to complete by January 2025. With such commitment to renewable energy, the Group is optimistic to contribute to a more sustainable value in aligning with the sustainability goals of its customers both locally and internationally.

The socioeconomic conditions in Myanmar continue to remain challenging with the ongoing political uncertainties. The Group continues to observe the conditions and national policy changes within the locality to minimise adverse effects towards its operation whilst exploring options pertaining to its Myanmar operations.

The Group is committed to enhance its competitiveness and capitalise on new growth opportunities and to deliver a sustainable performance in the upcoming financial year.

B4 Variations of actual profit from forecast profit

This note is not applicable as the Group did not issue and publish any profit forecast for the current financial year under review.
