The Group registered a Profit before tax of RM1.5 million compared to a Loss before tax of RM 13.2 million over the same period in the previous year.

The decrease in revenue was mainly attributable to the termination of contracts by the major customer in one of the subsidiaries, resulting in under-utilisation of the Group's production capacity. Due to the on-going downsizing and cost cutting measures undertaken since the beginning of the year, the Group managed to register a small profit before tax this quarter compared to a loss in the same period last year.

Part B Explanatory notes pursuant to Appendix 9B of the Listing Requirement of Bursa Malaysia For the Second Quarter Ended 30 Sep 2022

A further announcement was made on 29 November 2021 following a request from Bursa Malaysia Securities Berhad to provide additional information relating to the above announcement which we explained that the customer is the largest customer with 80% of the revenue contribution to the Company, the financial impact is material in all aspects arising from the termination of contracts.

Further to these announcements, the Company estimates the turnover for the financial year 2023 to reduce by approximately 60% as compared to 2022.

The Company has been undertaking cost cutting and downsizing measures in response to the termination of contracts, and working towards returning to profitability and to ensure sustainability. The measures taken include the following:

- a.) Excess stocks have been resold and the inventories for raw material and components on hand to be assembled or sell back to customer or other manufacturers have been on going. In accordance to the contract with customers, all stocks for customer are to be purchased back by customers where discussion with customers are taking place to ensure all stocks can be cleared by end of this financial year.
- b.) Half of the factories and warehouses which the management had earlier identified to be discontinued had been vacated and returned to the respective landlords. The remaining factories and warehouses are in the process of shifting and will be returned to the respective landlords by end of this financial year.
- c.) Reduce production capacity by selling excess machinery.

Due to the impact of geopolitical conflicts, widespread inflation and rising interest rates on the world economy, consumer demand for the year 2023 is uncertain. The Group endeavours to strengthen and improve our production capabilities and efficiencies to meet existing and potential new customers' requirements to achieve better results for the new financial year.

20 Status of Corporate Proposals

There are no outstanding uncompleted corporate proposals as at the date of this quarterly report.

21 Changes in material litigation

There are no material litigation except for the following:-

(i) United Max Construction Sdn Bhd

Via a Tenancy Agreement dated 28 May 2015, ATA Industrial (M) Sdn Bhd ("AIM"), a wholly owned subsidiary of ATA IMS Berhad, had been renting from United Max Construction Sdn Bhd ("United Max") a factory premise with address No.8 Jalan Dewani 1, Kawasan Perindustrian Temenggong, 81100 Johor Bahru from 1 March 2015 to 28 February 2018. The tenancy for the premises was subsequently renewed from 1 March 2018 to 28 February 2021.

During the period from May2020 to March 2021 and during the Movement Control Order period, AIM and United Max were in negotiations on the terms to renew the tenancy without reaching any formal agreement, resulting in United Max filing the Writ of Summons and Statement of Claim dated 29 April 2021, via a suit no. JA-B52NCC-43-04/2021 filed at the Johor Bahru Sessions Court, which AIM received in May 2021.

The details of the Claim are as follows:

- a) Vacant possession of the said premise with address at No.8 Jalan Dewani 1, Kawasan Perindustrian Temenggong, 81100 Johor Bahru;
- b) Two times the rental amounting to RM165,780.00 per month from 1 March 2021 up to the date of returning of vacant possession of the said premises, or Mesne profits;
- c) Compensation for loss of income resulting from the failure to return vacant possession before the expiry of the tenancy on 28 February 2021;
- d) Compensation for refurbishment works to restore the premises to its original condition;
- e) Compensation to restore any original equipment to working condition;
- f) Interest of 5% per annum from date of judgement up to the date of full settlement;
- g) Costs; and
- h) Any other relief which the Court may deem fair and appropriate.

The Summons also resulted in the Company incurring the costs of shifting the operations previously conducted at the said premise to other existing premises and restoration costs of the rented premises amounting to approximately RM73,000. The temporary loss of production due to the shifting of this premises did not have any significant financial and operational impact as the Group was able to transfer the production operations to other premises.

AIM had appointed lawyers from G K Sritharan & Co to file our defense The Company had also been in discussions with the Plaintiff to resolve the matter amicably but was unable to reach an agreement as the plaintiff refused.

The plainitiff filed an order 14 summary judgement application but was dismissed by the court on 6 December 2021. AIM had been engaging with the Plaintiff, United Max for an amicable settlement for the past year without success and had restored back the factory and handed back vacant possession to United Max on 14 March 2022.

The Plaintiff is claiming thirteen months compensation from March 2021 to March 2022, ie

- (i) Mesne profits of RM2,155,140; or
- (ii) Two times of the rental amounting to RM1,810,317.60.

The Plaintiff is also claiming for additional repair works amounting to RM 1,056,626, in which the Board of Directors are of the view that this is unreasonable and subject to dispute with United Max.

AIM has made a provision of RM2.70 million for this claim.
