Part B - Explanatory Notes Pursuant to Appendix 9B of the Listing Requirements of Bursa Malaysia Securities Berhad

B1 Review of Performance

The Group has recorded a pre-tax loss of RM1.130 million against a revenue of RM12.502 million during the current quarter in comparison to a pre-tax loss of RM2.473 million against a revenue of RM14.414 million for the previous financial year's corresponding period. Although revenue has dropped during the period as a result of market competition, a lower loss before tax was recorded due to more favourable raw material cost procured. Further, the one-off net corporate expenses incurred on the Rights Issue exercise during the previous financial year's corresponding period amounting to RM0.699 million was also a factor to the higher pre-tax loss for that corresponding period.

B2 Material Changes in the Quarterly Results as compared to Results of the Preceding Quarter

Sales volume has declined marginally during the current quarter. However, revenue has increased from RM12.423 million for the preceding quarter to the current quarter of RM12.502 million as a result of improved flour market selling prices. As such, the Group has incurred a lower pre-tax loss of RM1.130 million for the current quarter as compared to RM1.182 million pre-tax loss during the preceding quarter.

B3 Prospects

The global wheat prices are expected to remain high. Thus, the average selling price of flour is expected to increase in order to cushion the increase in raw material cost. The Group shall do its best endeavours to ensure a better result is achieved for this financial year.

B4 Profit Forecast

There were no profit forecast nor profit guarantee made during the financial period under review.

B5 Taxation

There is no provision for taxation for this quarter as the Company is in an adjusted business loss position and there are unused tax losses, unabsorbed capital allowances and unutilised reinvestment tax allowances available to be offset against taxable income.

B6 Profit/(Loss) on Sales of Unquoted Investments and/or Properties

Apart from the disposal of motor vehicles amounting to RM33,500 there were no sales of other properties nor unquoted investments in the quarter under review.
