For the 9 months ended 30 September 2024, the Building Materials Division and the Lubricants Division, the main contributors to the Group, sustained their positive performance. Despite a marginal decrease in revenue, the Group's profit from operations almost doubled to RM9.8 million, partly contributed by the RM3.2 million (2023: RM1.4 million) insurance claim received by the Lubricants Division.

Associated companies contributed a profit of RM0.9 million, a turnaround from RM0.7 million loss recorded a year ago, largely due to a one-off gain arose from a business acquisition by an associated company. Consequently, the Group's profit before tax for the period under review rose to RM8.6 million. As at 30 September 2024, the Group's net assets per share stood at RM3.28.

#### **Building Materials**

For the 9 months ended 30 September 2024, revenue of the Division decreased by 2% to RM462.8 million compared with the same period last year, due primarily to the lower sales of building materials. However, the Division achieved a higher profit of RM4.4 million, driven by ongoing improvements in operational efficiency.

#### **Lubricants**

The Division's revenue rose by 4% to RM82.3 million, with profit from operations reaching RM9.6 million, increasing from RM79.4 million and RM8.8 million respectively, in the same period last year. Included in the profit was RM3.2 million (2023: RM1.4 million) recovered from insurance claim for losses caused by the floods in December 2021.

#### Others

Results of the Others Division were mainly derived from the provision of training services, distribution and retailing of consumer products, investment in Cambodia and investment holding. For the 9 months ended 30 September 2024, these activities collectively contributed to a higher revenue of RM2.0 million, with a reduction in operating loss.

#### 12. Material changes in the results for the current quarter compared with the immediate preceding quarter

	Current	Immediate		
	Year	Preceding		
	Quarter	Quarter		
	<b>30.9.2024</b> RM'000	<b>30.6.2024</b> RM'000	Change %

Profit from operations	4,093	1,971	>100	
Profit before tax	3,395	1,868	82	

For the current quarter under review, the Group recorded a 6% higher revenue of RM186.7 million, with profit from operations increasing to RM4.1 million from RM2.0 million in the immediate preceding quarter. Revenue growth was supported by contributions across all business segments, while increase in profit was mainly due to higher contribution from the Building Materials Division.

After accounting for a share of loss in associated companies of RM0.1 million (Immediate preceding quarter: profit of RM0.9 million, largely attributable to a one-off gain from a business acquisition), the Group's profit before tax for the quarter under review rose to RM3.4 million.
