# NOTES TO THE INTERIM FINANCIAL STATEMENTS FOR THE SECOND QUARTER ENDED 30 JUNE 2023

# PART A - EXPLANATORY NOTES PURSUANT TO MFRS 134

# A1. BASIS OF PREPARATION

These condensed consolidated interim financial statements are unaudited and have been prepared in accordance with MFRS 134: Interim Financial Reporting, and paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

The interim financial report should be read in conjunction with the audited financial statements of the Group for the financial period ended 31 December 2022 and the accompanying explanatory notes attached to the audited financial statements.

The explanatory notes attached to the condensed interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the financial period ended 31 December 2022.

The financial statements are presented in Ringgit Malaysia ("**RM**"), which is the functional currency of the Company. All amounts in the financial statements are rounded to the nearest thousand, unless otherwise stated.

# A2. SIGNIFICANT ACCOUNTING POLICIES

Significant accounting policies adopted in these interim financial statements are consistent with those of the audited financial statements for the financial period ended 31 December 2022.

In the current reporting quarter, the Group and the Company have applied a number of new standards, amendments and/or IC interpretations that became effective mandatorily for the financial periods beginning on or after 1 January 2023. The adoption of the new standards, amendments and/or IC interpretations did not have significant impact on the disclosures or on amounts reported in the financial statements.

# Amendments and new standard issued that are not yet effective

The Group and the Company have not applied the following amendments and new standard that have been issued by the Malaysian Accounting Standards Board ("**MASB**"), which may be relevant to the Group and the Company, but not yet effective :

		Effective Date
Amendments to MFRS 16	Lease Liability in a Sale and Leaseback	1 January 2024
Amendments to MFRS 101	Classification of Liabilities as Current or Non-current	1 January 2024

#### B1. REVIEW OF PERFORMANCE FOR THE CURRENT YEAR QUARTER AND CORRESPONDING QUARTER IN THE PRECEDING FINANCIAL PERIOD AND YEAR-TO-DATE ("YTD") PERFORMANCE IN THE CURRENT AND PRECEDING FINANCIAL PERIOD (CONT'D)

#### a) Continuing operations

For the current quarter ended 30 June 2023, the Group's investment holding, mobile, and digital solutions segment recorded a higher revenue of RM1.65 million, an increase of 37.15% compared to 30 June 2022 ("YoY"). The higher revenue was mainly due to higher commission earned from eJamin bail collection, a digital bail payment solution used in criminal courts throughout Malaysia. However, the Group recorded a Loss Before Tax ("LBT") of RM5.00 million (-262.06% YoY). The Group's higher LBT was mainly due to higher operating expenses.

For the 6 months period ended 30 June 2023, the Group's investment holding, mobile, and digital solutions segment recorded a lower revenue of RM3.00 million, a decrease of 52.42% compared to Preceding YTD ended 30 June 2022 ("YoY"). This mainly due to the mySMS services (mySMS 15888) supporting My Sejahtera functions for the Ministry of Health ("MOH") ended at the end of 2022, aligning with Malaysia's transition into the COVID-19 endemic phase. The Group also recorded a Loss Before Tax ("LBT") of RM7.15 million (-179.20% YoY). Similarly, The Group's higher LBT was mainly due to higher operating expenses.

# b) Discontinued operations

There were no revenue and results from operations reported in the current quarter under review as the fabric production and sale segment operated through Be Top was disposed on 10 August 2022.

# B2. MATERIAL CHANGES IN THE CURRENT REPORTING QUARTER COMPARED TO THE IMMEDIATE PRECEDING QUARTER

# B3. PROSPECTS

# i) Continuing operations

# Investment Holding, Mobile, and Digital Solutions Business

The Group's subsidiary, DVSB, which is 80% owned by TAS, spearheads our mobile and digital solutions operations. As mobile technology advances at a staggering rate, Malaysia has witnessed significant development in mobile and digital communications. The high population coverage and penetration rates reflect this growth.

The Government of Malaysia acknowledges the IT sector as a crucial contributor to socio-economic growth. Consequently, they have unveiled various plans and programs to stimulate the sector and facilitate the integration of IT solutions across all enterprises. The digitalization of industries and commercial activities is anticipated to provide further impetus to the IT sector.

The COVID-19 pandemic has accelerated digitalisation globally. In response, the Malaysian Government launched the Malaysia Digital Economy Blueprint (MyDIGITAL) on 19 February 2021, which outlines a three-phase plan. Phase 1 (2021-2022) focused on solidifying Malaysia's digital adoption foundation. Phase 2 (2023-2025) prioritises inclusive digital transformation, while Phase 3 (2026-2030) envisions Malaysia as a regional leader in digital content and cybersecurity.

Many of MyDIGITAL's objectives align with the Group's business plans. Leveraging support from public agencies, the Group plans to incorporate all government digital initiatives into its strategies and actively participate in executing the MyDigital blueprint.

The Group is committed to remaining relevant to national goals by proposing innovative, risk-managed solutions, backed by robust executive capabilities. Recognising the challenges faced by those with limited digital skills in adapting to the new digital economy, the Group's key goal is to identify and assist this demographic.

The Company, through DVSB, is currently implementing the 'coin conversion project' known as Kocek. This initiative involves placing kiosks at selected commercial areas where the general public, including retailers and consumers, can sell their Malaysian syillings (coins) in exchange for money. The funds will be credited to their respective bank accounts using the Company's mobile application called 'MyPay'. Alternatively, individuals can also purchase coins from these kiosks. The Company will generate transaction fees based on the total value of coins bought or sold through the kiosks by the general public.

The purpose of Kocek is to provide a convenient solution for individuals to manage their excess or unused coins by selling them to the Company's kiosks. It also offers easy access to coins for those who need them. The project aims to establish a sustainable ecosystem for the re-circulation of used coins, as they hold monetary value and are commonly used in daily cash transactions. As a result, there is expected to be a positive demand for these coin conversion services.

Additionally, the Company currently operates several other services. These include the Malaysian government SMS gateway known as mySMS 15888, MyPay (a mobile application facilitating secure and efficient check-and-pay transactions with government agencies), and eJamin (a digital bail payment solution used in Malaysian criminal courts).
