### 4. Changes in Material Litigation

There was no material update as at 14 November 2024 (being the last practicable date which is not earlier than 7 days from the date of issue of this quarterly report) except for the following:-

(i) Aspen Glove Sdn Bhd ("AGSB" or "Plaintiff") vs JR Engineering and Medical Technologies (M) Sdn Bhd ("JREMT" or "Defendant")

#### **SALCON BERHAD** [200201026133 (593796-T)]

On 13 January 2021, JREMT had entered into a Sale and Distribution Agreement with AGSB ("Contract"), for the sale and purchase of gloves produced by AGSB in year 2021.

On 4 November 2022, JREMT served a letter of demand on the Plaintiff via its solicitors, Messrs Rosli Dahlan Saravana Partnership, to demand the sum of RM22,363,243.07, being unutilised funds under the Contract.

However, the Plaintiff had on 5 December 2022 filed an Originating Summons with the High Court of Malaya at Shah Alam, Selangor Darul Ehsan, Originating Summons No. BA24NCC-118-12/2022, ("Originating Summons") against the Defendant for the following reliefs:

- (i) a declaration that the letter of demand dated 4 November 2022 is invalid and void;
- (ii) an injunction restraining the Defendant whether by itself or through its agents or representatives from filing or presenting a winding up petition based on the notice of demand dated 4 November 2022 until the disposal of the Originating Summons;
- (iii) an injunction restraining the Defendant whether by itself or through its agents or representative from advertising a winding up petition based on the notice of demand dated 4 November 2022 until the disposal of the Originating Summons;
- (iv) costs; and
- (v) other reliefs the Court deems fit.

JREMT is advised by its solicitors that AGSB's Originating Summons is non-meritorious and JREMT will oppose to the Originating Summons without hesitant. In connection thereto, JREMT had on 19 December 2022 filed an Affidavit in Reply to oppose the Originating Summons, which includes a counterclaim, as follows:

- (a) That the Plaintiff do pay RM22,363,243.07.
- (b) Alternatively, declaration that the Plaintiff is liable to account to the Defendant for the sum of RM22,363,243.07 as a constructive trustee;
- (c) Pre-judgement interests pursuant to Section 11 of the Civil Law Act 1956;
- (d) Post-judgement interests;
- (e) Costs; and
- (f) Such further and/or other reliefs that this Honourable Court deems just and proper.

In relation to the Originating Summons (Summons No.: BA-24NCC-118-12/2022):

- (i) Further to the counterclaim filed by JREMT on 19 December 2022, JREMT had on 27 December 2022 filed an application for interim injunction to, amongst others, preserve the RM22,363,243.07 pending the disposal of JREMT's counterclaim ("Interim Injunction Application").
- (ii) On 20 January 2023, the court granted an ex-parte injunction order ("Ex-Parte Order") in favour of JREMT in the Interim Injunction Application.
- (iii) On 26 January 2023, AGSB filed an application to set-aside the Ex-Parte Order ("Setting Aside Application").
- (iv) On 31 January 2023, the court granted an interim injunction in the Originating Summons in favour of AGSB restraining JREMT from presenting a winding up petition against AGSB pending the disposal of the Originating Summons. The decision in respect of the Originating Summons is fixed on 20 February 2023.
- (v) Directions in respect of JREMT's counterclaim will also be given on 20 February 2023.
- (vi) On 10 February 2023, the court granted an ad-interim injunction order in favour of JREMT in the Interim Injunction Application, pending the disposal of the Interim Injunction Application (inter-partes) and the Setting Aside Application.
- (vii) Hearing and/or decision of the Interim Injunction Application and the Setting Aside Application are fixed on 24 February 2023.
- (viii) AGSB's originating summons was allowed on 20 February 2023.
- (ix) JREMT's application for interim conjunction to preserve the sum of RM22,363,243.07 was dismissed on 24.02.2023.

(x) AGSB's application to set aside the ex-parte order dated 20 February 2023 was allowed on 24 February 2023.

Furthermore, Salcon also inform that on 25 January 2023, AGSB filed a writ against JREMT (Civil Suit No.: BA-22NCvC-41-01/2023)("Suit") endorsed with Statement of Claim. In the Suit, AGSB alleged that JREMT did not purchase one (1) billion pieces of gloves from AGSB as stated in the Contract and therefore JREMT was in breach of the Contract.

In this Suit, AGSB claims:

- (a) a declaration that JREMT breached the Contract;
- (b) an order that JREMT pays AGSB the sum of RM74,654,583.90, being loss of expenditure;
- (c) an order that JREMT pays AGSB the sum of RM99,325,563.00, being loss of profit;
- (d) damages for breach of contract;
- (e) compensation for breach of contract;
- (f) interest;
- (g) costs;
- (h) such further or other relief as the Court deems fit.

JREMT is advised by its solicitors that the Suit is non-meritorious and JREMT shall vigorously defend the Suit.

JREMT had on 31 January 2023 filed its Memorandum of Appearance. The parties of the Suit are now exchanging its pleadings

For the current quarter, the Group's revenue decreased by 29% to RM69.42 million. The Group reported a loss before tax of RM6.60 million, compared to a profit before tax of RM5.38 million in the immediately preceding quarter. This decline was primarily due to unrealised foreign exchange losses incurred in the current quarter.

Revenue in the Construction Division decreased by 36%, from RM82.21 million to RM52.86 million, compared to the immediate preceding quarter. This decline was primarily due to a higher recognition of work completed in the preceding quarter. The division recorded a loss before tax of RM2.72 million in the current quarter, compared to a profit before tax of RM762,000 in the previous quarter, mainly attributed to a lower gross profit margin.

The Glove Manufacturing Division's revenue decreased by 41%, from RM13.67 million to RM8.04 million, compared to the immediate preceding quarter. The division recorded a loss before tax of RM26,000 in the current quarter, compared to a profit before tax of RM569,000 in the previous quarter. This decline was primarily due to lower sales and a reduced gross profit margin in the current quarter.

In the Property Development Division, the loss before tax increased marginally by 2% to RM601,000 in the current quarter, compared to a loss before tax of RM587,000 in the immediate preceding quarter.

In the Trading and Services Division, revenue increased by 488% in the current quarter, rising from RM1.14 million to RM6.72 million. The surge in revenue was primarily due to a portion of the revenue from the immediate preceding quarter being recognised in the current quarter. The division recorded a profit before tax of RM1.81 million, compared to RM1.56 million in the previous quarter, driven by higher revenue and gross profit recognised in the current quarter.

The Group's Healthcare Division recorded higher revenue of RM1.80 million, compared to RM443,000 in the immediate preceding quarter. As the acquisition was completed on 27 May 2024, revenue recognition for this division only commenced on 1 June 2024. The division recorded a higher loss before tax of RM301,000 in the current quarter, compared to a loss before tax of RM253,000 in the previous quarter. This increase in loss was primarily due to higher operating costs incurred in the current quarter.

For the current quarter under review, the Group achieved higher revenue of RM69.42 million, compared to RM42.91 million in the corresponding quarter of the preceding year, representing an increase of 62%. This growth was primarily driven by a higher completion of projects in the Construction Division. However, the Group recorded a loss before tax of RM6.60 million in the current quarter, compared to a loss before tax of RM5.11 million in the same quarter of the preceding year. The increase in loss was mainly attributed to unrealised foreign exchange losses incurred amounting to RM7.42 million in the current quarter.

In the Construction Division, revenue for the current quarter was RM52.86 million, representing a 89% increase compared to RM27.98 million in the corresponding quarter of the preceding year. The division recorded a higher loss before tax of RM2.72 million in the current quarter, compared to a loss before tax of RM893,000 in the same quarter of the preceding year. This increase in loss was primarily due to higher operating expenses incurred during the current quarter.

In the Glove Manufacturing Division, revenue decreased by 29%, from RM11.33 million to RM8.04 million, compared to the corresponding quarter of the preceding year. Nevertheless, the division recorded a smaller loss before tax of RM26,000 in the current quarter, compared to a loss before tax of RM773,000 in the same quarter of the preceding year. This improvement was mainly due to a higher gross profit margin in the current quarter.

The Property Development Division reported a reduced loss before tax of RM601,000 in the current quarter, compared to a loss before tax of RM714,000 in the corresponding quarter of the preceding year, due to lower operating expenses in the current quarter.

In the Trading and Services Division, revenue increased by 114%, from RM3.14 million to RM6.72 million, compared to the corresponding quarter of the preceding year, primarily due to the inclusion of revenue from the second quarter of 2024. The division recorded a profit before tax of RM1.81 million in the current quarter, compared to a loss before tax of RM2.77 million in the same quarter of the preceding year, which was mainly attributed to a loss from the dissolution of a subsidiary.

In the Healthcare Division, revenue and loss before tax for the current financial quarter were RM1.80 million and RM301,000 respectively. As this division was formed in the current financial year, there are no comparable figures available.

For the current year cumulative quarter, the Group recorded higher revenue of RM214.55 million, representing a 111% increase compared to RM101.73 million in the corresponding cumulative quarter of the preceding year. The Group also achieved a profit before tax of RM2.61 million in the current year cumulative quarter, compared to a loss before tax of RM8.56 million in the same period of the preceding year.

In the Construction Division, revenue increased by 166% compared to the corresponding cumulative quarter of the preceding year. The division recorded a lower loss before tax of RM2.31 million, compared to a loss before tax of RM6.48 million in the same period of the preceding year which was mainly attributed to impairment losses on investments in joint ventures and an associate company.

In the Glove Manufacturing Division, revenue increased by 9%, from RM27.53 million to RM29.89 million, compared to the preceding year's cumulative quarter. The division recorded a lower loss before tax of RM414,000 in the current year cumulative quarter, compared to a loss before tax of RM4.87 million in the preceding year's cumulative quarter, mainly due to stabilizing selling prices and a gradual increase in glove demand during the current period.

The Property Development Division reported a reduced loss before tax of RM1.76 million in the current year cumulative quarter, compared to a loss before tax of RM2.12 million in the preceding year's cumulative quarter, due to lower operating expenses.

The Trading and Services Division recorded higher revenue of RM10.49 million in the current year cumulative quarter, compared to RM9.07 million in the corresponding quarter of the preceding year. The division achieved a profit before tax of RM4.06 million in the current year cumulative quarter, compared to a loss before tax of RM1.29 million in the same period of the preceding year. This difference was primarily due to lower gross profit margins and the loss from the dissolution of a subsidiary, which affected the corresponding period in the preceding year.

In the Healthcare Division, revenue and loss before tax recorded in the current cumulative quarter were RM2.24 million and RM555,000, respectively. As this division was formed in the current financial year, there are no comparable figures available.

#### 7. Prospects

The Group remains optimistic about its growth prospects, supported by the recently announced Malaysia Budget 2025, which allocates RM3 billion for flood mitigation projects. This presents significant opportunities for our construction and infrastructure divisions, where we aim to leverage our expertise to secure new contracts.

The Budget also allocated significant funding for regional development, particularly in water supply and energy infrastructure, areas in which the Group is well-positioned to participate and contribute.

In addition, our recent diversification into the healthcare sector, specifically the dental industry, is expected to positively impact the Group's performance in the coming years.

With these opportunities, the Group is confident in driving growth and delivering value to shareholders by capitalizing on both established sectors and new business ventures.
