B Explanatory Notes Pursuant to Appendix 9B of the Listing Requirements of Bursa Malaysia Securities Berhad

B1 Review of performance

For the current financial year to-date, the Group recorded a profit after tax after minority interests ("PATMI") of RM76.1 million, an improvement of 25.2% as compared to RM60.8 million for the previous corresponding financial period.

The contributors to the PATMI for the financial period ended 30 September 2008 are the Group's commercial project, The Icon@Tun Razak and residential projects, namely Hijauan Residence, Aman Perdana, Kemuning Residence and Perdana Residence in the Klang Valley as well as Sierra Perdana, Austin Perdana and Sri Pulai Perdana in Johor Bahru.

To-date, the Group has 16 projects, all located in prime locations - 11 in the Klang Valley, 4 in Johor Bahru in Iskandar Malaysia and 1 in Penang.

B2 Material change in profit before taxation for the current quarter as compared with the immediate preceding quarter

The Group's current quarter profit before tax of RM25.4 million is lower than the immediate preceding quarter ended 30 June 2008 due mainly to timing mismatch as the construction work on Icon Tun Razak, East Wing was in advance stage of construction when the transaction was completed.

B3 Prospect for the current financial year

Sentiments are selectively cautious for the property sector, but the Group will continue to create demand for their products with more creative product development and marketing strategies. The Group sees demand to be resilient for branded developers targeting medium to high-end residential and commercial projects in good locations. Klang Valley, Johor Bahru and Penang island are favoured due to the growing population and stronger economic activities. The Group has approximately RM3.9 billion in remaining Gross Development Value and unbilled sales as at 30 September 2008 which will contribute positively to the Group's earnings for the next 5 to 7 years.

The Group's low gearing of only 0.13 times as at 30 September 2008 and strong cashflow allows the Group to look for good investment opportunities. The Group will continue to be prudent while taking calculated risks for the Group's expansion plans.

B4 Profit forecast

Not applicable as the Group has not issued profit forecast or profit guarantee in a public document.
