PART B: EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD

B1. REVIEW OF PERFORMANCE

For the second quarter under review, the Group's revenue decreased from RM123.1 million to RM56.2 million while the profit before tax decreased from RM8.3 million to loss before tax of RM13.9 million as compared to the corresponding second quarter of the preceding year.

The construction division recorded revenue of RM43.4 million and loss before tax of RM15.9 million as compared to the corresponding second quarter of the preceding year of RM95.4 million and profit before tax of RM2.2 million respectively. The decrease in revenue and the increase in loss before tax were mainly due to lower progress in construction during the financial period under review. This was mainly due to the Movement Control Order ("MCO") implemented on 18 March 2020, which had a negative impact on the operations of the construction division. In addition, the loss before tax in current quarter was also attributable to the recognition of impairment losses on trade and other receivables amounted to RM6.9 million.

The property development division's revenue and loss before tax amounted to RM Nil and RM0.5 million as compared to the corresponding second quarter of the preceding year of RM13.8 million and profit before tax of RM4.0 million respectively. The decrease in revenue and profit before tax were due to the fact that no completed properties were sold during the current quarter.

The concession arrangement division recorded revenue of RM11.1 million and profit before tax of RM2.7 million as compared to the corresponding second quarter of the preceding year of RM11.3 million and RM2.5 million respectively. The decrease in revenue was mainly due to lower finance income from concession contract recognised. The increase in profit before tax was mainly due to saving in finance costs with repayment of Sukuk Murabahah.

The investment division recorded revenue of RM1.7 million and loss before tax of RM0.2 million as compared to the corresponding second quarter of the preceding year of RM2.6 million and RM0.4 million respectively. The decrease in revenue was mainly due to rebates given to tenants of investment properties during the MCO period. The decrease in loss before tax was mainly attributable to certain austerity measures implemented in order to minimise the financial impact of COVID-19.

B2. COMPARISON WITH IMMEDIATE PRECEDING QUARTER'S RESULTS

| | Current 2nd Quarter | Preceding 1st Quarter | (Decrease)/Increase | | |
|--------------------------|------------------------|--------------------------|---------------------|----------|--|
| | RM'000 | RM'000 | RM'000 | % | |
| Revenue | 56,218 | 61,861 | (5,643) | (9%) | |
| (Loss)/Profit before tax | (13,854) | 1,670 | (15,524) | (930%) | |
| (Loss)/Profit after tax | (13,966) | 255 | (14,221) | (5,577%) | |

For the current quarter under review, the Group recorded loss before tax and loss after tax of RM13.9 million and RM14.0 million respectively as compared to profit before tax and profit after tax of RM1.7 million and RM0.3 million respectively in the immediate preceding quarter.

The decrease in revenue and the increase in loss before tax and loss after tax as compared to the first quarter of the immediate preceding year were mainly due to lower progress in construction, recognition of impairment losses on trade and other receivables amounted to RM6.9 million and operations affected by the MCO during the current quarter under review.

B3. CURRENT YEAR PROSPECT

The Group will continue to bid actively for construction projects in order to replenish the Group's order book. The current projects are all progressing within expectation.

We expect the concession arrangement division to contribute positively to the Group from the stable income and profits generated by UiTM Tapah.

For property development division, we will focus on selling the remaining unsold units. With our recent acquisition of a piece of freehold land located in Bukit Tinggi, Klang, this will make a positive contribution to the Group moving forward.

On 11 March 2020, the World Health Organisation declared the outbreak of coronavirus (COVID-19) a pandemic. The Government of Malaysia issued an order for the restriction of movements pursuant to the Prevention and Control of Disease Act 1988 which takes effect from 18 March 2020 which is still in effect with relaxed conditions and is being reviewed from time to time. Currently, the Group has returned to normal operations whilst adjusting to the "new normal". Economic uncertainties have arisen which are likely to negatively impact the revenue generation of the Group in the near term. The Group will continue to focus on strengthening the Group's financial position and implementing cost optimization measures. The Group expects some uncertainties in performance caused by COVID-19 in the short term. The Board is cautiously optimistic and confident of the prospect of the Group's business and its financial performance moving forward.

B4. VARIANCES ON PROFIT FORECAST AND PROFIT GUARANTEE

Not applicable to the Group.
