#### PART B: EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD

#### **B1. REVIEW OF PERFORMANCE**

For the fourth quarter under review, the Group recorded revenue of RM94.9 million and loss before tax of RM75.2 million as compared to the corresponding fourth quarter of the preceding year of RM93.1 million and loss before tax of RM3.1 million respectively.

The construction division recorded revenue of RM81.5 million and loss before tax of RM29.1 million as compared to the corresponding fourth quarter of the preceding year of RM79.1 million and RM16.0 million respectively. The increase in revenue was mainly due to higher progress in construction recognised for certain construction projects during the financial period under review. The higher loss before tax was mainly attributable to revision in budgeted profits made for certain construction projects (i.e. increase in material prices, labor costs and overheads) in the current quarter and the fourth quarter of the preceding year. In addition, liquidated ascertained damages ("LAD") and other related expenses arising from a settlement agreement was entered with a contract customer which totaling RM4.2 million (Quarter 4, 2019: RM Nil) and impairment losses on trade and other receivables amounted to RM0.7 million were recognised during the current quarter (Quarter 4, 2019: RM4.8 million).

The property development division's revenue and loss before tax amounted to RM Nil and RM11.7 million as compared to the corresponding fourth quarter of the preceding year of RM0.1 million and profit before tax of RM11.3 million respectively. All property development projects have been completed and there were no sales of completed properties held for sale during the current quarter (Quarter 4, 2019: RM0.1 million). The loss before tax was mainly attributable to the recognition of impairment losses on trade and other receivables amounted to RM11.9 million (Quarter 4, 2019: RM Nil).

The concession arrangement division recorded revenue of RM11.7 million and profit before tax of RM1.9 million as compared to the corresponding fourth quarter of the preceding year of RM11.2 million and RM2.9 million respectively. The increase in revenue was mainly due to additional work performed on UiTM Tapah had resulted in additional maintenance income through utilisation of maintenance sinking fund. The decrease in profit before tax was mainly attributable to lower finance income from concession contract recognised and the decrease in interest income from fixed deposits due to the reduction in overnight policy rate.

The investment division recorded revenue of RM1.7 million and loss before tax of RM36.3 million as compared to the corresponding fourth quarter of the preceding year of RM2.7 million and RM1.3 million respectively. The decrease in revenue was mainly due to rebates given to certain tenants during the Movement Control Order ("MCO") period and the decrease in occupancy rates of certain investment properties. The loss before tax during the quarter was mainly attributable to the recognition of fair value loss on investment properties and impairment losses on goodwill amounted to RM25.0 million and RM9.9 million respectively.

#### **B2.** COMPARISON WITH IMMEDIATE PRECEDING QUARTER'S RESULTS

	Current 4th Quarter	Preceding 3rd Quarter	Increase/	(Decrease)
	<b>RM'000</b>	RM'000	RM'000	%
Revenue	94,878	76,999	17,879	23%
(Loss)/Profit before tax	(75,191)	1,254	(76,445)	(6,096%)
(Loss)/Profit after tax	(61,431)	316	(61,747)	(19,540%)

For the current quarter under review, the Group recorded loss before tax and loss after tax of RM75.2 million and RM61.4 million respectively as compared to profit before tax and profit after tax of RM1.3 million and RM0.3 million respectively in the immediate preceding quarter.

The increase in revenue as compared to the third quarter of the immediate preceding year was mainly due to higher progress in construction recognised. The increase in loss before tax and loss after tax were mainly attributable to the revision in budgeted profits for certain construction projects, the LAD and other related expenses arising from the settlement agreement of RM4.2 million, the recognition of impairment losses on trade and other receivables of RM12.6 million, the impairment losses on goodwill of RM9.9 million and the fair value loss on investment properties of RM25.0 million.

#### **B3. CURRENT YEAR PROSPECT**

The Group will continue to bid actively for construction projects in order to replenish the Group's order book. The current projects are all progressing within expectation with extension of time obtained for certain projects during the MCO period.

We expect the concession arrangement division to contribute positively to the Group with the stable income and profits generated by UiTM Tapah.

For property development division, we will focus on selling the remaining unsold units of completed properties. We plan to launch Bukit Tinggi, Klang project and Latitud8 (a joint land development project) in 2021, which will bring positive contributions to the Group. We expect that the response to our upcoming property development projects in strategic locations will be encouraging.

On 11 March 2020, the World Health Organisation declared the outbreak of coronavirus (COVID-19) a pandemic. The Government of Malaysia issued an order for the restriction of movements pursuant to the Prevention and Control of Disease Act 1988 which takes effect from 18 March 2020 which is still in effect with relaxed conditions and is being reviewed from time to time. Currently, the Group has returned to normal operations whilst adjusting to the "new normal". Economic uncertainties have arisen which are likely to negatively impact the revenue generation of the Group in the near term. The Group will continue to focus on strengthening the Group's financial position and implementing cost optimization measures. The Group expects some uncertainties in performance caused by COVID-19 in the short term. The Board is cautiously optimistic and confident of the prospect of the Group's business and its financial performance moving forward.
