PART B: EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD

B1. REVIEW OF PERFORMANCE

For the first quarter under review, the Group recorded revenue of RM107.9 million and profit before tax of RM0.7 million as compared to the corresponding first quarter of the preceding year of RM94.3 million and RM1.3 million respectively.

The construction division recorded revenue of RM86.8 million and loss before tax of RM0.8 million as compared to the corresponding first quarter of the preceding year of RM77.5 million and RM1.5 million respectively. The increase in revenue and decrease in loss before tax were mainly due to higher progress in construction recognised for construction projects during the current quarter under review.

The property development division's revenue and profit before tax amounted to RM8.7 million and RM0.2 million as compared to the corresponding first quarter of the preceding year of RM4.1 million and RM0.4 million respectively. The increase in revenue was due to the current development project, i.e. Bukit Tinggi, Klang (also known as Interpoint). The lower profit was due to higher finance cost.

The concession arrangement division recorded revenue of RM10.0 million and profit before tax of RM2.6 million as compared to the corresponding first quarter of the preceding year of RM10.5 million and RM2.6 million respectively. The decrease in revenue was mainly due to lower finance income recognised.

The investment division recorded revenue of RM2.4 million and loss before tax of RM1.3 million as compared to the corresponding first quarter of the preceding year of RM2.2 million and RM0.2 million respectively. The increase in revenue was mainly due to higher car park income collected during the current quarter. The increase in loss before tax was mainly due to higher finance costs arising from the repayment of short term borrowings.

B2. COMPARISON WITH IMMEDIATE PRECEDING QUARTER'S RESULTS

	Current 1st Quarter	0		Increase/(Decrease)		
	RM'000	RM'000	RM'000	%		
Revenue	107,926	150,042	(42,116)	(28%)		
Profit/(Loss) before tax	666	(27,261)	27,927	102%		
Profit/(Loss) after tax	733	(26,411)	27,144	103%		

For the current quarter under review, the Group recorded profit before tax and profit after tax of RM0.7 million and RM0.7 million respectively as compared to loss before tax and loss after tax of RM10.3 million and RM9.5 million respectively in the immediate preceding quarter.

The decrease in revenue as compared to the fourth quarter of the immediate preceding year was mainly due to the lower progress in construction recognised for construction projects and absence of the sales from the inventory of completed properties (RM20.8 million) during the current quarter under review. On the other hand, the increase in profit before tax and profit after tax in the current quarter were mainly because of the absence of write-down of inventories land held for development which were recognised in the fourth quarter of the immediate preceding year.

B3. CURRENT YEAR PROSPECT

The Group will continue to bid actively for construction projects in order to replenish its order book. The current projects are all progressing efficiently and within expectation of time.

The concession division will continue to contribute positively to the Group with the stable income and profits until year 2034.

With the successful launched of Bukit Tinggi, Klang development project (also known as Interpoint), it will contribute positively to the Group's earnings for the current and next financial years. In addition, we will focus on selling the remaining completed properties.

The Malaysian economy is projected to expand by 4% to 5% in year 2024 which supported by resilient domestic demand and recovery in exports. The construction industry in Malaysia for 2024 is expected to remain challenging with the weakening ringgit, rising of construction overheads cost, shortage of skilled labour and short-term price fluctuations of building materials. The Group will continue to focus on strengthening its financial position and implementing cost optimisation measures and effective resource planning. This year's performance will be driven by larger order book and contribution from the property development project. The Board is cautiously optimistic of the overall prospect of the Group's business and financial performance for 2024.
