## NOTES TO INTERIM FINANCIAL REPORT FINANCIAL QUARTER ENDED 31 DECEMBER 2017

#### 1. Basis of Preparation

The interim financial report is unaudited and has been prepared in accordance with FRS 134: Interim Financial Reporting and Paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

The preparation of an interim financial report in conformity with FRS 134: Interim Financial Reporting, requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses on a year-to-date basis. Actual results may differ from these estimates.

The interim financial report should be read in conjunction with the audited financial statements for the financial year ended 30 June 2017. It contains unaudited condensed consolidated financial statements and selected explanatory notes. The notes include an explanation of events and transactions that are significant to the understanding of the changes in the financial position and performance of the Group since the financial year ended 30 June 2017. The condensed consolidated interim financial report and notes thereon do not include all of the information required for a full set of financial statements prepared in accordance with FRSs.

## 2. Changes in Accounting Policies

On November 19, 2011, the Malaysian Accounting Standards Board ("MASB") has issued a new MASB approved accounting framework, the Malaysian Financial Reporting Standards Framework ("MFRS Framework"), a fully International Financial Reporting Standards ("IFRS") compliant framework. Entities other than private entities shall apply the MFRS Framework for annual periods beginning on or after January 1, 2012, with the exception of Transitioning Entities ("TEs").

TEs, being entities within the scope of MFRS 141 Agriculture and/or IC Interpretation 15: Agreements for the Construction of Real Estate, including its parents, significant investors and venturers were allowed to defer the adoption of the MFRS Framework until such time as mandated by the MASB. On September 2, 2014, with the issuance of MFRS 15 Revenue from Contracts with Customers and Amendments to MFRS 116 and MFRS 141 Agriculture: Bearer Plants, the MASB announced that TEs which have chosen to continue with the FRS Framework is now required to adopt the MFTS Framework latest by January 1, 2018.

The Group and the Company being TEs have availed themselves of this transitional arrangement and will continue to apply FRSs in the preparation of their financial statements. Accordingly, the Group and the Company will be required to apply MFRS 1: First-time adoption of Malaysian Financial Reporting Standards in their financial statements for the financial year ending June 30, 2019, being the first set of financial statements prepared in accordance with the new MFRS Framework.

In the current year, the Group and the Company have applied a number of amendments to FRSs and a new Interpretation issued by the MASB that are mandatorily effective for an accounting period that begins on or after July 1, 2016.

The adoption of new and revised FRSs has had no material impact on the disclosures or on the amounts recognised in the financial statements.

The Group and the Company have not elected for early adoption of the relevant new and amendments to FRSs which have been issued but not yet effective until future periods at the date of authorisation for issue of these financial statements. The directors anticipate that the adoption of these Standards when they become effective will have no material impact on the financial statements of the Group and of the Company in the period of initial application.

Company No. 568420-K (Incorporated in Malaysia)

The significant accounting policies adopted are consistent with those in the audited financial statements for the financial year ended 30 June 2017, except for the adoption of FRS 9 Financial Instruments (IFRS 9 issued by IASB in July 2014) for effective date for financial period beginning on or after 1 January 2018.

## 3. Auditors' Report on Preceding Annual Financial Statements

The Group registered revenue and loss before tax ("LBT") of RM5.71 million and RM1.95 million respectively as compared to a revenue of RM9.31 million and PBT of RM1.89 million in the last year's corresponding quarter mainly due to the lower contributions from the property divisions.

The precast concrete division recorded higher revenue as compared to last year's corresponding quarter. This was mainly contributed by Kuala Terengganu Bypass project which recorded higher percentage of completion. However operating profit decreased by RM0.5 million due to the increase in startup and operating costs related to expansion of new production line.

The property division recorded lower revenue as compared to last year's corresponding quarter. The loss in property division was mainly due to the lower sales form the projects in Ipoh and fixed expenses incurred in this division.

The Group registered revenue and loss before tax ("LBT") of RM5.71 million and RM1.95 million respectively as compared to a revenue of RM6.25 million and Profit before tax ("PBT") of RM0.31 in the preceding quarter mainly due to the lower contributions from the property divisions.

Company No. 568420-K (Incorporated in Malaysia)

## NOTES TO INTERIM FINANCIAL REPORT FINANCIAL QUARTER ENDED 31 DECEMBER 2017

The precast concrete division recorded higher revenue as compared to preceding quarter. This was mainly contributed by Kuala Terengganu Bypass project which recorded higher percentage of completion. However operating profit decreased by RM0.2 million due to the increase in startup and operating costs related to expansion of new production line.

The property division recorded lower revenue as compared to preceding quarter. The loss in property division was mainly due to the lower sales form the projects in Ipoh and fixed expenses incurred in this division.

#### 17. Commentary on Prospects

The overall property market in Ipoh, in particular of commercial properties, was soft due to tight financing conditions impose by financial institution. Our property division has been experiencing a slowdown in the first half of 2018 with low transactions. This situation is expected to continue for the remaining year. The Group will re-assess the feasibility of the proposed new projects and will cautiously manage its property development activities.

The Group sees the vast potential of the UHPC pre-cast concrete business with the fast gaining acceptance of the UHPC regionally as well as globally. The Group plans to improve its financial position by reducing the Group's borrowings and allocate more resources to expand its pre-cast concrete segment. The Group is in the process of expanding its manufacturing capacity by setting up a new production line with estimation costs of RM8 million in order to fulfil the expected increase in demand of UHPC in 2018. At the meantimes, the Group is expanding its precast concrete market geographically by venturing into oversea market like Singapore, China, India, Australia and Canada.

Besides the slowing down in the property division, the Board is fairly confident that the performance of the precast concrete will be improved in the future.

#### 18. Profit Forecast or Profit Guarantee

The disclosure requirements for explanatory notes for the variance of actual profit after tax with profit forecast and shortfall in profit guarantee are not applicable.
