NOTES TO INTERIM FINANCIAL REPORT FINANCIAL QUARTER ENDED 31 DECEMBER 2019

1. Basis of Preparation

The interim financial report is unaudited and has been prepared in accordance with FRS 134: Interim Financial Reporting and Paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

The preparation of an interim financial report in conformity with FRS 134: Interim Financial Reporting, requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses on a year-to-date basis. Actual results may differ from these estimates.

The interim financial report should be read in conjunction with the audited financial statements for the financial year ended 30 June 2019. It contains unaudited condensed consolidated financial statements and selected explanatory notes. The notes include an explanation of events and transactions that are significant to the understanding of the changes in the financial position and performance of the Group since the financial year ended 30 June 2019. The condensed consolidated interim financial report and notes thereon do not include all of the information required for a full set of financial statements prepared in accordance with MFRSs.

2. Changes in Accounting Policies

The financial information presented herein has been prepared in accordance with the accounting policies to be used in preparing the annual consolidated financial statements for 30 June 2019 under the MFRS Framework. These policies do not differ significantly from those used in the audited consolidated financial statements for 30 June 2019 except for the adoption of the following MFRSs, amendments to MFRSs and IC Interpretation which are effective for the financial period beginning on or after 1 January 2018:

The adoption of the above MFRSs, Amendments and IC Interpretation did not result in any significant changes in the accounting policies and presentations of the financial statement of the Group other than as set out below:

MFRS 9 Financial Instruments

MFRS 9 (IFRS 9 issued by IASB in November 2009) introduced new requirements for the classification and measurement of financial assets. MFRS 9 (IFRS 9 issued by IASB in October 2010) include requirements for the classification and measurement of financial liabilities and for derecognition, and in February 2014, the new requirements for general hedge accounting was issued by MASB. Another revised version of MFRS 9 was issued by MASB - MFRS 9 (IFRS 9 issued by IASB in July 2014) mainly to include a) impairment requirements for financial assets and b) limited amendments to the classification and measurement requirements by introducing a 'fair value through other comprehensive income' (FVTOCI) measurement category for certain simple debt instruments.

Key requirements of MFRS 9:

all recognised financial assets that are within the scope of MFRS 139 Financial Instruments: Recognition and Measurement are required to be subsequently measured at amortised cost or at fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent accounting periods. Debt instruments that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets, and that have contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are measured at FVTOCI. All other debt investments and equity investments are measured at their fair value at the end of subsequent accounting periods. In addition, under MFRS 9, entities may make an irrevocable election to present subsequent changes in the fair value of an equity investment (that is not held for trading) in other comprehensive income, with only dividend income generally recognised in profit or loss.

Company No. 568420-K (Incorporated in Malaysia)

NOTES TO INTERIM FINANCIAL REPORT FINANCIAL QUARTER ENDED 31 DECEMBER 2019

- with regard to the measurement of financial liabilities designated as at fair value through profit or loss, MFRS 9 requires that the amount of change in the fair value of the financial liability's that is attributable to changes in the credit risk of that liability, is presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to profit or loss. Under MFRS 139, the entire amount of the change in the fair value of the financial liability designated as at fair value through profit or loss was presented in profit or loss.
- in relation to the impairment of financial assets, MFRS 9 requires an expected credit loss model, as opposed to an incurred loss model under MFRS 139. The expected credit loss model requires an entity to account for expected credit losses and changes in those expected credit losses at the end of each reporting period to reflect changes in credit risk since initial recognition. In other words, it is no longer necessary for a credit event to have occurred before credit losses are recognised.
- the new general hedge accounting requirements retain the three types of hedge accounting mechanisms currently available in MFRS 139. Under MFRS 9, greater flexibility has been introduced to the types of transactions eligible for hedge accounting, specifically broadening the types of instruments that qualify for hedging instruments and the types of risk components of non-financial items that are eligible for hedge accounting. In addition, the effectiveness test has been overhauled and replaced with the principle of an 'economic relationship'. Retrospective assessment of hedge effectiveness is also no longer required. Enhanced disclosure requirements about an entity's risk management activities have also been introduced.

The Group have done an impact assessment on the amounts reported in respect of the Group's financial assets and financial liabilities as follows:

(a) Classification of financial assets

MFRS 9 contains a new classification and measurement approach for financial assets that reflects the business model in which the assets are managed and their cash flow characteristics.

MFRS 9 contains three (3) principal classification categories for financial assets:

- Amortised Cost ("AC");
- Fair Value through Other Comprehensive Income ("FVTOCI"); and
- Fair Value though Profit or Loss ("FVTPL").

The standard eliminated the MFRS 139 categories of Held-to-Maturity ("HTM"), Loans and Receivables ("L&R") and Available-for-Sale ("AFS").

Company No. 568420-K (Incorporated in Malaysia)

NOTES TO INTERIM FINANCIAL REPORT FINANCIAL QUARTER ENDED 31 DECEMBER 2019

Based on its assessment, the financial assets held by the Group as of June 30, 2018 have been reclassified to the following classifications on 1 July 2018:

	30.06.2018 classification under FRS 139	01.07.2018 classification under MFRS 9
Other investments	AFS	FVTOCI
Advances for log purchases	L&R	AC
Trade and other receivables	L&R	AC
Amount owing by an associate	L&R	AC
Amount owing by subsidiaries	L&R	AC
Refundable deposits	L&R	AC
bank balances	L&R	AC

(b) Impairment of financial assets

MFRS 9 replaces the "incurred loss" model in FRS 139 with a forward-looking "expected credit loss" ("ECL") model. This will require considerable judgement about how changes in economic factors affect ECLs, which will be determined on a profitability-weighted basis.

The new impairment model will apply to financial assets measured at AC or FVTOCI, except for investment in equity instruments.

The application of MFRS 9's impairment requirements did not have a material impact on the amounts reported and disclosures made in this financial report.

MFRS 9 largely retains the existing requirements in FRS 139 for the classification of financial liabilities.

The Group have not designated any financial liabilities at FVTPL and it has no current intention to do so. The Group's assessment did not indicate any material impact regarding the classification of financial liabilities.

MFRS 15 Revenue from Contracts with Customers

MFRS 15 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. MFRS 15 will supersede the current revenue recognition guidance including MFRS 118 *Revenue*, FRS 111 *Construction Contracts* and the related Interpretations when they become effective.

The core principle of MFRS 15 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the Standard introduces a 5-step approach to revenue recognition.

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Company No. 568420-K (Incorporated in Malaysia)

NOTES TO INTERIM FINANCIAL REPORT FINANCIAL QUARTER ENDED 31 DECEMBER 2019

Under MFRS 15, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer. Far more prescriptive guidance has been added in MFRS 15 to deal with specific scenarios. Furthermore, extensive disclosures are required by MFRS 15.

The Group has assessed and has determined that the application of MFRS 15 did not have a material impact on the amounts reported and disclosures made in these financial report, as the majority of the Group's revenue are derived from a single performance obligation, which is sale of property and construction contracts. The recognition of sale is assessed to be similar to those previously adopted under FRS 201₂₀₀₄ and FRS 111. It is also not expected to have a material impact to the revenue currently recognised by the Group, although MFRS 15 requires the Group to adjust the transaction price with variable considerations such as discounts and rebates as the Group currently recognises such discounts and rebates as a reduction in sales on an accrued basis.

3. Auditors' Report on Preceding Annual Financial Statements

The auditors' report on the financial statements for the financial period ended 30 June 2019 was not qualified.

4. Seasonality or Cyclical Factors

The Group's performance is not affected by any seasonal or cyclical factors.

5. Unusual Items

There were no unusual items affecting assets, liabilities, equity, net income, or cash flows during the current financial quarter.

6. Changes in Estimates

There were no changes in estimates of amounts reported in the prior financial quarter or prior financial years that have had a material effect in the current financial quarter.

7. Debt and Equity Securities

There were no issuances, cancellations, repurchases, resale and repayment of debt and equity securities for the quarter and the financial year under review.

8. Dividends Paid

No dividends have been paid during the current financial year to date.

The Group's continuing operation registered a total revenue of RM8.91 million as compared to a revenue of RM9.45 million in the last year's corresponding quarter. The revenue is mainly from more work done delivered in the precast concrete division. The decrease in revenue in the sector of properties and constructions from RM4.1 million to RM1.8 million is due to lower activities in the properties sectors.

The Group recorded a loss before tax (LBT) of RM0.67million compared to profit before tax (PBT) of RM0.17 million in the last year corresponding quarter. The losses are mainly due to compensation expenses made for the termination of employees in the properties and constructions and others companies after the takeover exercise.

17. Commentary on Prospects

The Group precast concrete products are mainly use in construction and property projects. The uncertainties in the construction industry has resulted slow replenishment of order book recorded in 2019. Nevertheless, the new production line which has commissioned in the third quarter of 2019 will enable the Group to tender for larger scale projects.

The overall property market performance in Ipoh, in particular commercial properties was soft due to tight financing conditions imposed by financial institutions. Notwithstanding the losses incurred in the property and construction division, the Group is optimistic that the new management have sufficient capabilities and expertise to continue growing the existing construction and property business of the Group by tendering and securing new projects in order to strengthen the profitability and financial position of the Group.

The Board is fairly confident that the performance of the Group in the coming financial year will be satisfactory despite the challenging in the property market.

18. Profit Forecast or Profit Guarantee

25. Changes in Material Litigations

Dura Technology Sdn. Bhd. ["DURA"] vs. Megat Ahmad Shahrani Sdn. Bhd. ["Defendant"]

On 5 February 2016, DURA filed a summons to the Ipoh High Court to recover a sum of approximately RM1,424,680 for the supply and installation of beams and other related work in respect of the project "Membina Jambatan Dari Kg. Baharu Ke Kg. Teluk (Menyeberangi Sg. Ayer Tawar), Daerah Manjung, Perak Darul Ridzuan" with the Defendant.

DURA's solicitors has extracted the winding-up order dated 4 November 2019 against the Defendant on 29 November 2019 from the Court. Accordingly, DURA had completed and lodged its proof of debt against the Defendant with the Official Receiver on 21 January 2020. The Official Received had then issued a certificate of claim by DURA on 29 January 2020.

In respect of the bankruptcy proceedings against Megat Ahmad Shahrani bin Megat Sharuddin ["Judgment Debtor"], the Court has issued a bankruptcy notice against the Judgment Debtor and since the Judgment Debtor was a Guarantor for the Defendant, leave of Court has to be obtained pursuant to the Insolvency Act, 1967 before proceeding with the bankruptcy proceedings. DURA's solicitors will be preparing the application to obtain the necessary leave of Court.
