A lower revenue of RM27.9mil was registered for the current quarter visà-vis RM31.9mil in the corresponding period ended 31 December 2004, while the higher loss from operations was mainly attributable to impairment loss on goodwill for the refined kaolin mining business and impairment of certain assets in wholly owned subsidiaries of the Company namely Associated Kaolin Industries Sdn Bhd (formerly known as Greatpac Mineral Sdn Bhd) and Precision Theme Sdn Bhd respectively in the current quarter.

For the cumulative year to date, the Group recorded a higher revenue of RM125.9 million for the financial year ended 31 December 2005, while incurring a pretax loss at RM26.9 million compared to RM3.5 million in the preceding year. The turnover for the year continued to be mainly driven by disposal food wares manufacturing business and mining of refined kaolin segment

The Group's performance was affected by the difficult business environment resulting from increased petrochemical resin materials and fuel costs, higher interest rate and intense competition. Nevertheless, the writing off of damaged plant and equipment caused by fire (insurance claim has yet to be recovered as claim is still in progress), relocation expenses, further impairment loss of certain assets in subsidiary companies and impairment of goodwill of the refined kaolin mining business have also contributed to the higher operating loss for the year.
