PART A - EXPLANATORY NOTES

1 Basis of Preparation

The interim financial statements are unaudited and have been prepared in accordance with Malaysian Financial Reporting Standard ("MFRS") 134, Interim Financial Reporting and paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities").

The interim financial statements should be read in conjunction with the audited financial statements of the Group for the financial year ended 30 June 2019. These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the financial year ended 30 June 2019.

2 Accounting Policies

The accounting policies and methods of computation adopted by the Group in this interim financial statements are consistent with those adopted in the audited financial statements for the financial year ended 30 June 2019 except for the adoption of the following new MFRSs, amendments to MFRSs and IC Interpretations that are effective for financial statements effective beginning on or after 1 January 2019, as disclosed below:

MFRS 16	Leases
Amendments to MFRS 3	Annual Improvements to MFRS Standards 2015 - 2017 Cycle
Amendments to MFRS 9	Prepayment Features with Negative Compensation
Amendments to MFRS 11	Annual Improvements to MFRS Standards 2015 - 2017 Cycle
Amendments to MFRS 112	Annual Improvements to MFRS Standards 2015 - 2017 Cycle
Amendments to MFRS 119	Plan Amendment, Curtailment or Settlement
Amendments to MFRS 123	Annual Improvements to MFRS Standards 2015 - 2017 Cycle
Amendments to MFRS 128	Long-term Interests in Associates and Joint Ventures
IC Interpretation 23	Uncertainty over Income Tax Treatments

The adoption of the above MFRSs does not have significant financial impact to the Group except for MFRS 16 Leases as disclosed below:

MFRS 16 Leases

MFRS 16 will replace MFRS 117 Leases, IC Interpretation 4 Determining whether an Arrangement contains a Lease, IC Interpretation 115 Operating Lease-Incentives and IC Interpretation 127 Evaluating the Substance of Transactions Involving the Legal Form of a Lease.

MFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognizes a right-of-use assets representing its right to use the underlying asset and a lease liability representing its obligations to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. The right-of-use asset is initially measured at cost and subsequently measured at cost (subject to certain exceptions), less accumulated depreciation and impairment losses, adjusted for any remeasurement of the lease liability. The lease liability is initially measured at present value of the lease payments that are not paid at that date. Subsequently, the lease liability is adjusted for interest and lease payments, as well as the impact of lease modifications.

Lessor accounting remains similar to the current standard which continues to be classified as finance or operating lease.

The Company has adopted the standard using modified retrospective approach, under which the cumulative effect of initial recognition is recognized in retained earnings. The Company measured the right-of-use assets as if MFRS 16 had always been applied with no restatement of comparative information. The cumulative effect of initial application of MFRS 16 is adjusted to the opening balance of retained earnings at the date of initial application, as shown below:

11 Carrying Amount of Revalued Assets

The fair value of investment properties is assessed annually and were revalued at the end of the financial year ended 30 June 2019.

12 Changes in the Composition of the Group

There were no material changes in the composition of the Group during the current financial period.

13 Subsequent events

There were no material events subsequent to the end of the current financial period.

14 Commitments

There were no commitments at the end of the current financial period.

15 Changes in Contingent Liabilities and Contingent Assets

a) Corporate guarantees

Contingent liabilities in respect of corporate guarantees issued by the holding company to licensed banks for credit facilities granted to subsidiaries amounted to RM50.8 million as at 31 March 2020.

b) Gain on sale of investment properties and development costs - Saujana Triangle Sdn Bhd

Saujana Triangle Sdn Bhd ("STSB") a wholly-owned subsidiary of M K Land Holdings Berhad ("M K Land"), was served with Notices of Assessment dated on 4 May 2017 for the years of assessment (YA) of 2009, 2010, 2011 and 2013 respectively, for an additional income tax of RM55,702,224 and 45% penalty of RM25,066,001 totalling RM80,768,225.

The above mentioned income tax and penalty imposed by the Inland Revenue Board of Malaysia ("IRB") are in relation to:

- i) IRB took the view that the gains from the disposal of land held under investment properties in the year of assessment 2009 were to be treated as revenue in nature, instead of capital in nature;
- ii) IRB disregarded the 5 years' time barred period to raise the assessments in respect of the land disposal; and
- iii) IRB disallowed certain development costs on the basis that these were only provisions and the amounts have not been paid. Thus, IRB did not treat them to be incurred for the purpose of Section 33 (1) of the Income Tax Act, 1967.

PART A - EXPLANATORY NOTES (CONT'D)

15 Changes in Contingent Liabilities and Contingent Assets (Continued)

b) Gain on sale of investment properties and development costs - Saujana Triangle Sdn Bhd (Continued)

Based on advice from both its tax consultants and solicitors, STSB is of the view that:

- i) The land sales of the investment properties were capital transactions which were liable to real property gains tax ("RPGT") in the year of assessment 2009 (which was a RPGT exempt year);
- ii) The Notices of Assessment raised by the IRB were statute barred and erroneous in Law; and
- iii) The accrual of development costs were allowable according to accounting standards and IRB's public ruling on property development.

STSB disagreed with the assessment raised by the IRB and on 1 June 2017, filed a Notice of Appeal to the Special Commissioners of Income Tax (SCIT) pursuant to Section 99(1) of the Income Tax Act 1967 (Form Q) with the Director General of Inland Revenue to appeal against the Notices of Assessment. A case management was held on 16 August 2018 whereby SCIT directed the parties to attend the next case management fixed on 19 November 2018.

During the case management on 19 November 2018, the SCIT fixed another case management on 26 February 2019 for parties to update on the status of settlement as IRB required more time to consider the settlement proposal.

On 26 February 2019, IRB requested for a 3 months mention date. In that regards, the SCIT fixed a next mention date on 10 May 2019 for the parties to update the Court on the progress of settlement, however the mention was not reflected in SCIT's diary and a new mention date will be fixed and informed by SCIT. Subsequently, case management was held on 24 September 2019 and 1 November 2019. On 1 November 2019, the Court informed the parties to attend case management on 21 November 2019 as more time is given to IRB to respond to STSB's settlement proposal.

During case management on 21 November 2019, the IRB requested for more time to consider the settlement proposal. Accordingly, the Court allowed the IRB's request and fixed another case management on 25 February 2020 for the IRB to update the Court.

During case management on 25 February 2020, the Appellant informed the Court that it has issued a letter to the Respondent on 20 January 2020 to which the Respondent has only reverted on 25 February 2020. As such, another case management date was fixed on 25 March 2020 for parties to update the Court on the status of the settlement and to allow further negotiations between the parties.

The case management date fixed on 25 March 2020 was further adjourned to 6 May 2020, which was subsequently vacated as the Movement Control Order was still in effect. The Court fixed the next case management date on 6 July 2020.

Upon consulting its solicitors, the Board is of the view that there are grounds to disagree with the Notices of Assessment raised including the imposition of penalties as explained above.

On a prudent and without prejudice basis, a provision of tax and penalty amounting RM4,579,771 and RM4,534,737 respectively have been made in the financial year ended 30 June 2017, solely for reporting purposes. STSB maintains the view that the basis of the assessment that the gain on disposal of this investment properties should be subjected to RPGT and the development costs accrued be allowed according to accounting standards and IRB's public ruling on property development.

The Group registered RM68.1 million in revenue and profit before tax of RM14.4 million for the current quarter under review. Property development segment generated revenue amounting to RM63.5 million, representing 93.2% of the total revenue of the Group. Revenue is mainly generated from the sale of a piece of land, completed properties and construction progress from properties sold for on-going projects in Damansara Perdana, Damansara Damai and Meru projects.

Revenue for the property development segment recorded an increase in revenue of 41%. The higher revenue in the current quarter for the property development segment was mainly contributed by the sale of a piece of land in Damansara Perdana. Profit before taxation for the current quarter of RM14.4 million, which is 1,593% higher than RM0.9 million for the previous year corresponding quarter, was mainly due to higher profit before taxation from property development segment.

Profit before taxation for 9 months ended 31 March 2020 of RM19.1 million, which is higher by 45% compared with RM13.2 million for the previous year corresponding period, was mainly due to lower loss before taxation from leisure segment and higher profit before taxation from property development segment. Loss before taxation from leisure segment has narrowed from RM7.1 million to RM3.6 million mainly due to lower operating costs and expenses.

17 Variations of Results Against The Preceding Quarter (continued)

The material changes are mainly from the property development segment. Profit before tax for the property development segment in the current quarter has improved by RM14.7 million from RM2.8 million in the preceding quarter. This was mainly due to higher revenue from property development segment.

18 Commentary on Prospects

The outbreak of the Covid-19 pandemic and implementation of the Movement Control Order have resulted in most businesses and social activities being severely disrupted. The Malaysian economy is expected to contract in 2020 with Bank Negara Malaysia projecting a GDP growth of -2% to 0.5%. The Malaysian Government has introduced various fiscal, monetary stimulus and other measures in supporting a recovery in economic activities. There are also multiple rounds of reduction in Overnight Policy Rate. This is expected to support the domestic economic activities.

Overall, the Group expects the performance to remain challenging for the financial year ending 30 June 2020. Consumers will be more cautious in their spending, especially on properties, due to concern with job security and the sluggish economy. The Group's leisure segment is expected to be adversely affected until full recovery of tourism activities and consumer sentiments. The Group will continue to monitor the pandemic and economic situation and will take appropriate measures if warranted.

22 Changes in Material Litigation

As at 17 June 2020, there was no change in material litigation which exceed 5% of the net assets of the Group since the last audited statement of financial position as at 30 June 2019, save as disclosed below and in Section 15.

Medan Prestasi Sdn Bhd vs. Inland Revenue Board

Between financial years 2002 and 2004, a wholly owned subsidiary, Medan Prestasi Sdn Bhd ("MPSB") disposed off certain investment properties and filed the necessary forms as required by the Real Property Gains Tax Act, 1976 ("RPGT"). The Inland Revenue Board ("IRB") contended that the gain from the sale should be subject to income tax instead of the Real Property Gains Tax and raised an assessment of about RM12.6 million (inclusive of a penalty of RM3.9 million). MPSB, after due consideration and in consultation with its tax agent, disagreed with the IRB position and appealed against the assessment. The IRB rejected MPSB's appeal and demanded MPSB to pay the outstanding tax and additional penalties amounting to RM14.6 million. In response, MPSB submitted a Notice of Appeal to the Special Commissioners of Income Tax.

Subsequent to the initial appeal to the IRB, the IRB initiated a civil suit against MPSB and served a Writ of Summon and Statement of Claim of RM13.5 million to MPSB. MPSB then filed an application for Stay of Proceedings. On 11 February 2010, the Shah Alam High Court granted a Stay of Proceedings until the final disposal of the appeal before the SCIT. On 5 March 2010, the IRB filed a notice of appeal to the High Court on the decision to grant the Stay of Proceedings. On 16 March 2011, the High Court allowed IRB's appeal. On 15 April 2011, MPSB filed a defense at the High Court against the civil suit.

On 2 June 2009, the IRB forwarded MPSB's appeal to the Special Commissioners of Income Tax ("SCIT") and on 6 May 2011, SCIT dismissed the appeal and MPSB filed an appeal to the High Court on 24 May 2011. Case management was held on 21 November 2011 and the hearing was held on 6 April 2012 and 23 May 2012. The High Court, on 14 September 2012, ordered for a new Hearing to be fixed and determined before a new panel of SCIT.

The new panel of SCIT heard the oral submissions by parties concerned and the last hearing was on 22 February 2019. The SCIT then set a date of 10 May 2019 for an oral decision on the case.

On 10 May 2019, the SCIT opined that since there are no firm evidence to show that the lands were meant for other uses in the future, or that it was intended for the construction of commercial buildings and showrooms for rental income, the Appellant's appeal is dismissed.

Upon review of the SCIT's Deciding Order and consulting its solicitors, MPSB filed an appeal against the SCIT's decision to the High Court on 28 May 2019 via a case stated. Presently, MPSB is waiting for the case stated (i.e. the ground of judgement) to be issued by SCIT for the appeal to be transmitted to the High Court.

On a prudent and without prejudice basis, a provision of tax and penalty amounting RM8,709,121 and RM5,876,480 respectively have been made in the financial year ended 30 June 2019, solely for reporting purposes.
