JIANKUN INTERNATIONAL BERHAD (111365-U) (formerly known as NAGAMAS INTERNATIONAL BERHAD) - For the period ended 31 March 2014

Part A – Explanatory Notes Pursuant to FRS 134

The directors except that the adoption of the above standards and interpretations will have no material impact on the financial statements in the period of initial application except as discuss below:

FRS 9 reflects the first phase of work in the replacement of FRS 139 and applies to classification and measurement of financial assets and financial liabilities as defined in FRS 139. The standard was initially effective for annual periods beginning on or after 1 January 2013, but Amendments to FRS 9: Mandatory Effective Date of FRS 9 and Transition Disclosures, issued in March 2012, moved the mandatory effective date to 1 January 2015. Subsequently, on 14 February 2014, it was announced that the new effective date will be decided when the project is closer to completion. The adoption of the first phase of FRS 9 will have an effect in the classification and measurement of the Group's financial assets, but will not have an impact on classification and measurements of the Group's financial liabilities. The Group will quantify the effect in conjuction with the other phases, when the final standard including all phases is issued.

On 19 November 2011, the Malaysian Accounting Standard Board (MASB) issued a new MASB approved accounting standards framework, the Malaysian Financial Reporting Standards ("MFRSs") that are equivalent to International Financial Reporting Standards.

The MFRSs are to be applied by all Entitites Other Than Private Entitites for annual periods beginning on or after 1 January 2012, with the exception of entitites that are within the scope of MFRS 141 (Agricultures) and IC Interpretation 15 (Agreements for Construction of Real Estate), including its parent, significant investor and venturer (herein called "Transitioning Entitites"). The Transitioning Entities are given an option to defer the adoption of the MFRSs to annual periods beginning on or after 1 January 2015. The Group falls within the definition of Transitioning Entities and has the option to prepare its first MRFSs financial statements for the financial year ending 31 Deccember 2015.

In representing its FRSs financial statements, the Company will quatify the financial effects of the differences between the current FRSs and MFRSs.

The majority of the adjustments required on transition will be made, retropectively, against opening retained profits.

The Group expects to be in a position to fully comply with the requirements of MFRSs for the financial year ended 31 December 2015.
