#### Comparison with corresponding quarter of the preceding financial year

The Group recorded a revenue of RM84.0 million in the current quarter compared to the corresponding quarter of the preceding financial year of RM98.1 million. The lower revenue is mainly due to lower sales of apparels in the current quarter. However, the decline in revenue is mitigated by sales of fabric mask in the current quarter.

Profit before tax in the current quarter increased to RM19.0 million compared to the corresponding quarter of the preceding financial year of RM3.6 million. This is mainly contributed by the higher profit margin from the sales of fabric mask.

#### Comparison with preceding quarter

Revenue of the Group in the current quarter decreased to RM84.0 million compared to the preceding quarter of RM97.9 million. The decrease in revenue is mainly due to lower sales of apparels in the current quarter.

The Group recorded a profit before taxation of RM19.0 million as compared to the preceding quarter of RM27.8 million. This is mainly due to the decrease in average selling price of fabric mask in the current quarter.

#### 2) Current year prospects

Due to the significant impact and uncertainties of COVID-19 which had caused major disruptions to the global economy, we remain cautious on the Group's financial performance in the forthcoming quarters.
