## NOTES TO THE INTERIM FINANCIAL STATEMENTS

---

### A1. Basis of Preparation

The condensed interim financial statements have been prepared on the historical cost basis, unless otherwise stated.

The condensed interim financial statements are unaudited and have been prepared in accordance with the requirements of MFRS134: Interim Financial Reporting issued by the Malaysian Accounting Standard Board (“MASB”) and paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

The condensed interim financial statements should be read in conjunction with the audited financial statements of the Group for the financial year ended 31 December 2017. The consolidated financial statements of the Group as at and for the year ended 31 December 2017 were prepared under Financial Reporting Standards (“FRS”). The explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in financial position and performance of Group since the year ended 31 December 2017.

On 19 November 2011, the MASB issued a new MASB approved accounting standards, the Malaysian Financial Reporting Standards (“MFRSs framework”) for application in the annual periods beginning on or after 1 January 2012.

The MFRSs framework is mandatory for adoption by all Entities Other Than Private Entities for annual period beginning on or after 1 January 2012, with the exception of entities subject to the application of MFRS 141: Agriculture and/or IC Interpretation 15: Agreements for the Construction of Real Estate (“Transitioning Entities”). The Transitioning Entities are given an option to defer adoption of the MFRSs framework to financial periods beginning on or after 1 January 2018. Transitioning Entities also includes those entities that consolidate or equity account or proportionately consolidate another entity that has chosen to continue to apply the FRSs framework for annual periods beginning on or after 1 January 2012.

Accordingly, the Group and the Company which are Transitioning Entities have chosen to defer the adoption of the MFRSs framework to financial year beginning on 1 January 2018.

This is the Group’s condensed consolidated interim financial report for the period covered by the Group’s first MFRS framework *and MFRS 1 First-time Adoption of Malaysian Financial Reporting Standards* has been applied.

Except as described below, the accounting policies applied by the Group in this condensed interim financial report are the same as those applied by the Group in its consolidated annual financial statements as at and for the year ended 31 December 2017.

### **MFRS 15 Revenue from Contracts with Customers**

MFRS 15 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. MFRS 15 will supersede the current revenue recognition guidance including MFRS 118 Revenue, MFRS 111 Construction Contracts and the related Interpretations when it becomes effective.

The core principle of MFRS 15 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the Standard introduces a 5-step approach to revenue recognition:

**NOTES TO THE INTERIM FINANCIAL STATEMENTS**

---

**A1. Basis of Preparation (Cont'd)**

**MFRS 15 Revenue from Contracts with Customers (Cont'd)**

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Under MFRS 15, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer. Far more prescriptive guidance has been added in MFRS 15 to deal with specific scenarios. Furthermore, extensive disclosures are required by MFRS 15.

The Group did not identify any material impact to revenue, cost of sales and profit/(loss) for the current financial period upon the adoption of MFRS 15.

**MFRS 9 Financial Instruments**

In November 2014, the MASB issued the final version of MFRS 9 Financial Instruments, replacing MFRS 139. This Standard made changes to the requirements for classification and measurement, impairment, and hedge accounting. The adoption of this Standard will have an effect on the classification and measurement of the Group and the Company's financial assets, but no impact on the classification and measurement of the Group and the Company's financial liabilities.

MFRS 9 Financial Instruments also requires impairment assessments to be based on an expected loss model, replacing the MFRS 139 incurred loss model. Finally, MFRS 9 Financial Instruments aligns hedge accounting more closely with risk management, establish a more principle-based approach to hedge accounting and address inconsistencies and weaknesses in the previous model.

The Group did not identify any material impact to revenue, cost of sales and profit/(loss) for the current financial period upon the adoption of MFRS 9.

PART B – EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE MAIN MARKET LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD

**B1. Performance Review**

The Group recorded revenue of RM45.88 million for Q1 2018, an increase of RM7.53 million or 19.63% against the corresponding period Q1 2017 of RM38.35 million. Despite the increase in revenue, the Group reported a loss before tax of RM1.35 million in Q1 2018 as opposed to a profit before tax of RM0.72 million in Q1 2017, mainly contributed by the Manufacturing Division.

The performance of the respective divisions for the current quarter was as follows:-

a) *Construction and Property Division*

The division generated total revenue of RM11.01 million, which was RM1.51 million higher than the corresponding quarter in previous year of RM9.50 million. Revenue for the quarter was mainly contributed by the division's ongoing projects include construction of residential and infrastructure projects namely Pavilion Parks 2, SUKE Highway project and MEX II Highway bridgeworks and its property development activities at Taman Melawati.

Despite the increase in revenue, the division reported higher loss before tax of RM2.81 million compared to loss before tax of RM1.87 million in Q1 2017 as there is only minimal profit from the above new projects which was further aggravated by the recognition of additional costs for VSummer Place project. Lower loss in previous corresponding quarter was also attributed to additional profit recognised from the finalisation of Larkin project.

b) *Hostel Management Division*

There was a slight increase in revenue for the quarter at RM1.89 million compared to RM1.77 million reported in Q1 2017.

Accordingly, the division reported a profit before tax of RM0.45 million compared to profit before tax of RM0.32 million in Q1 2017 due to lower utility charges incurred during the quarter.

c) *Manufacturing Division*

Manufacturing Division registered revenue of RM33.25 million in the current quarter compared to previous year corresponding quarter of RM35.34 million. The decline in revenue was mainly due to lower demand for automotive parts by local automotive manufacturers during the quarter mitigated by higher exports demand.

Accordingly, the division reported a lower profit before tax of RM1.01 million compared to profit before tax of RM2.27 million in the corresponding quarter of previous year. Lower profit before tax reported is in line with lower revenue recorded. In addition, higher raw material costs incurred and recognition of foreign exchange losses during the quarter further impacted the performance of the division.

**KUMPULAN JETSON BERHAD (34134-H)**  
**NOTES TO THE INTERIM FINANCIAL STATEMENTS**

**B2. Comment on Material Change in Results against the Preceding Quarter**

The Group's revenue increased from RM41.10 million in the preceding quarter (Q4 2017) to RM45.88 million in the current quarter. The increase in revenue is mainly due to higher contribution from both Construction and Property Division and Manufacturing Division.

Despite higher revenue, the Group recorded a loss before tax of RM1.35 million compared to a profit before tax of RM0.54 million in Q4 2017 mainly due to loss incurred by the Construction and Property Division during the current quarter.

**B3. Commentary on Prospect**

Moving forward, the sustainability of the local economy is largely dependent on public and private consumption with the on-going infrastructure and mega projects. The strengthening of the ringgit would have an impact on the export sales of our manufacturing division as the pricing of our products may not be competitive compared to our competitors. In addition, increase in the crude oil prices would also increase the cost of materials of our products thus eating into the profit margin of our products.

The Group is continuing to aggressively pursue for more projects especially in East Malaysia for its Construction Division in order to replenish its order book.

In addition, the Group is also relentlessly penetrating into property development either through acquisition of land or joint venture with the land owner.

The Manufacturing Division will aggressively strengthening its presence in the export market. Meanwhile, the division is also broadening its product base to accommodate for different market segments. To counter the factors of strengthening ringgit and increase in crude oil prices, the division would continuously source for cheaper or alternative material while emphasizing on improving the efficiency of the production.

Although market conditions remain challenging, the Group aims to improve 2018 revenue growth development, disciplined cost management and innovating on operational efficiencies.

### **B10. Status of Material Litigation**

- (a) Citarasa Haruman Sdn. Bhd. (“CHSB”), a subsidiary of the Company (pursuant to MFRS 10), entered into a Joint Development Agreement (“JDA”) with LBCN Development Sdn. Bhd. (“LBCN”) to develop a piece of land in Mukim of Ijok (“the Land”) on 28 May 2007.

Under the JDA, LBCN was to provide and make available the Land for development whereas CHSB was identified as the sole and exclusive developer of the Land and had paid RM12 million towards the land cost which constitutes LBCN’s sole entitlement pursuant to the JDA.

In the course of carrying out development of the Land, CHSB had incurred costs in respect of improvements to the Land and other development costs. Under the JDA, CHSB is entitled to all gross sale proceeds arising from the JDA.

On 19 December 2009, the Land Administrator of the District of Kuala Selangor (“LADKS”) issued a notification to compulsorily acquire the Land with an award of approximately RM50 million to a secured creditor of LBCN and LBCN as the proprietor of the Land (“the Award”).

In November 2011, a Land Reference Proceedings was lodged by CHSB, as the person interested in the Land, to object to the Award. Concurrently, LBCN filed a Judicial Review Proceedings against certain local authorities responsible for the acquisition of the Land.

- (a) Status of litigation is as follows:

(i) Judicial Review Proceedings by LBCN

In January 2011, LBCN had filed an application for judicial review at the Shah Alam High Court (“the High Court”) against Lembaga Perumahan Dan Hartanah Selangor (“LPDHS”), Pentadbir Tanah Kuala Selangor (“PTKS”) and Kerajaan Negeri Selangor (“KNS”) on the basis that the acquisition of the Land was not valid.

On 6 November 2011, the High Court granted stay of acquisition proceedings pending judicial review.

On 14 November 2011, CHSB had filed an objection under Land Reference Proceedings (as described in (ii) below). The objection has however, been stayed on the basis that the Judicial Review Proceedings are dismissed, barring any further suits or applications that may be filed, CHSB would be able to proceed with its Land Reference Proceedings for compensation.

On 16 October 2012, Menteri Besar Incorporation Berhad (“MBIB”) intervened the judicial review as it had made the payments towards the Land. The High Court has directed this application to proceed concurrently with the judicial review.

**B10. Status of Material Litigation (Cont'd)**

(a) Status of litigation is as follows (cont'd):

(i) Judicial Review Proceedings by LBCN (cont'd)

On 23 May 2013, the High Court dismissed LBCN's application for judicial review. LBCN then lodged an appeal to the Court of Appeal. LBCN's lawyers sought for an adjournment of the matter as it wanted to file further affidavits in the appeal which the Court granted the adjournment and fixed for hearing on 20 April 2015.

In September 2013, LBCN applied for a stay of all Land Reference Proceedings pending its appeal to the Court of Appeal on judicial review. The High Court dismissed this application for a stay on 6 February 2014. By this, the Land Reference Proceedings are to proceed in the normal way as directed by the High Court.

On 20 April 2015, the Court of Appeal dismissed LBCN's appeal on the High Court's decision to dismiss LBCN's application for judicial review and further awarded costs in the sum of RM15,000 to be paid by LBCN to CHSB.

LBCN then lodged an appeal to the Federal Court and this matter was fixed for case management on 29 February 2016 for purposes of fixing hearing dates.

On 17 May 2016, LBCN had in accordance to the consent order between LBCN and LPDHS, PTKS, KNS and MBIB (collectively, "the Parties"), withdrawn the above appeal with no order as to cost.

(ii) Land Reference Proceedings ("LRP") by CHSB

On 14 November 2011, pursuant to the Land Acquisition Act, 1960, CHSB had lodged a land reference to the High Court objected to the Award by LADKS on the following premise:-

- the amount of compensation;
- the persons to whom it is payable; and
- the apportionment of the compensation.

On 9 July 2014, the judge decided that the Land was indeed alienated for the purposes of mixed development. In this respect, the Land ought to be valued as commercial land taking into account all the infrastructures that were built on the Land.

LADKS had filed a Notice of Appeal dated 21 July 2014 against the Court decision on the category or usage of the Land. On 29 October 2014, CHSB was served with LADKS's notice of application for stay of proceedings. Furthermore, on 14 January 2015, a new valuation report has been filed by LADKS and a new case management was held on 29 January 2015 for CHSB to file rebuttal to the valuation report.
