## A. EXPLANATORY NOTES PURSUANT TO FRS 134

## A1. Basis of Preparation

The interim financial statements are unaudited and have been prepared in accordance with the requirements of FRS 134: Interim Financial Reporting and paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad.

The interim financial statements should be read in conjunction with the audited financial statements for the year ended 31 December 2006. These explanatory notes attached to the interim financial statements provide an explanation of events that are significant to an understanding of the changes in the financial position and performance of the Group since the year ended 31 December 2006.

## A2. Changes in Accounting Policies

The significant accounting policies adopted are consistent with those of the audited financial statements for the year ended 31 December 2006 except for the adoption of the following new/revised Financial Reporting Standards ("FRS") for the first time:

FRS 117 Leases

FRS 124: Related Party Disclosures

The Group has not elected for the early adoption of the following FRS which was in issue but not yet effective at the date of issue of these interim financial statements.

FRS 139 Financial Instruments: Recognition and Measurement

The adoption of FRS 117 and 124 does not have significant financial impact on the Group. The principal effects of the changes in accounting policies resulting from the adoption of the new/revised FRS is discussed below:

FRS 117: Leases

The adoption of the revised FRS 117 has resulted in a retrospective change in the accounting policy relating to the classification of leasehold land. The up-front payments made for the leasehold land represents prepaid land lease payments and are amortised on a straight-line basis over the lease term. A lease of land and buildings is apportioned into a lease of land and a lease of building in proportion to the relative fair values of the leasehold interests in the land element and the building element of the lease at the inception of the lease. Prior to 1 January 2007, leasehold land was classified as property, plant and equipment and was stated at cost less accumulated depreciation and impairment losses.

Upon the adoption of the revised FRS 117 at 1 January 2007, the unamortised revalued amount of leasehold land is retained as the surrogate carrying amount of prepaid lease payments as allowed by the transitional provisions of FRS 117. The reclassification of leasehold land as prepaid land lease payments has been accounted for retrospectively and as disclosed in Note A3, certain comparative amounts as at 31 December 2006 have been restated.

## A. EXPLANATORY NOTES PURSUANT TO FRS 134
