- IC Interpretation 21: Levies

Effective for annual periods beginning on or after 1 July 2014:

- Annual Improvements to FRSs 2010-2012 Cycle
- Annual Improvements to FRSs 2011-2013 Cycle

The Directors expect that the adoption of the above standards and interpretations will have no material impact on the financial statements in the period of initial application.

Malaysian Financial Reporting Standards ("MFRSs Framework")

In conjunction with the planned convergence of FRSs with International Financial Reporting Standards as issued by the International Accounting Standards Board on 1 January 2012, the MASB had on 19 November 2011 issue a new MASB approved accounting standards, MFRSs ("MFRSs Framework") for application in the annual periods beginning on or after 1 January 2012.

The MFRSs Framework is mandatory for adoption by all Entities Other Than Private Entities for annual periods beginning on or after 1 January 2012, with the exception of entities subject to the application of MFRS 141 Agriculture and/or IC Interpretation 15 Agreements for the Construction of Real Estate ("Transitioning Entities"). The Transitioning Entities are given an option to defer adoption of the MFRSs Framework to financial periods beginning on or after 1 January 2017. Transitioning Entities also includes those entities that consolidate or equity account or proportionately consolidate another entity that has chosen to continue to apply the FRSs framework for annual periods beginning on or after 1 January 2012.

Accordingly, the Group and the Company which are Transitioning Entities have chosen to defer the adoption of the MFRSs Framework to financial year beginning on 1 January 2017. The Group and the Company will prepare their first MFRSs financial statements using the MFRSs Framework for the financial year ending 31 December 2017.

As at 31 December 2013, all FRSs issued under the existing FRSs Framework are equivalent to the MFRSs issued under MFRSs Framework except for differences in relation to the transitional provisions, the adoption of MFRS 141 Agriculture and IC Interpretation 15 Agreements for the Construction of Real Estate as well as differences in effective dates contained in certain of the existing FRSs. As such, other than those as discussed below, there are no significant effects arising from the transition to the MFRSs Framework. The effect is based on the Group's and the Company's best estimates at the reporting date. The financial effect may change or additional effects may be identified, prior to the completion of the Group's and the Company's first MFRSs based financial statements.

Application of MFRS 1: First-time Adoption of Malaysian Financial Reporting Standards ("MFRS 1")

MFRS 1 requires comparative information to be restated as if the requirements of MFRS effective for annual periods beginning on or after 1 January 2017 have always been applied, except when MFRS 1 allows certain elective exemptions from such full retrospective application or prohibits retrospective application of some aspects of MFRS.

IC Interpretation 15 Agreements for the Construction of Real Estate

IC Interpretation 15 establishes that the developer will have to evaluate whether control and significant risks and rewards of the ownership of work in progress, can be transferred to the buyer as construction progresses before revenue can be recognised.
