SUIWAH CORPORATION BHD. (Company No: 253837 H) INTERIM REPORT FOR THE TWELVE-MONTHS PERIOD ENDED 31 MAY 2014 NOTES TO INTERIM FINANCIAL REPORT PART A – EXPLANATORY NOTES PURSUANT TO MFRS134

A1. Basis of preparation

These condensed consolidated interim financial statements, for the period ended 31 May 2014 are unaudited, have been prepared in accordance with Malaysian Financial Reporting Standards("MFRS") 134: Interim Financial Reporting and paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad. These condensed consolidated interim financial statements also comply with IAS 34 Interim Financial Reporting issued by the International Accounting Standards Board. These interim financial statements also comply with IAS 34 Interim Financial Reporting issued by the International Accounting Standards Board.

The interim financial statements should be read in conjunction with the audited financial statements of the Group for the year ended 31 May 2013. The explanatory notes attached to these condensed consolidated interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the year ended 31 May 2013.

A2. Significant accounting policies

The significant accounting policies adopted in preparing these condensed consolidated interim financial statements are consistent with those of the audited financial statements for the year ended 31 May 2013 except for the adoption of the following new MFRSs and Interpretations, and amendments to certain MFRSs and Interpretations with effect from 1June 2013:.

MFRS 3 Business Combination (IFRS 3 Business Combinations issued by IASB in March 2004)

MFRS 10 Consolidated Financial Statements

MFRS 11 Joint Arrangements

MFRS 12 Disclosure of interests in Other Entities

MFRS 13 Fair Value Measurement

MFRS 119 Employee Benefits

MFRS 127 Separate Financial Statements

MFRS 128 Investment in Associate and Joint Ventures

IC Interpretation 20 Stripping Costs in the Production Phase of a Surface Mine

Amendments to MFRS 7: Disclosures - Offsetting Financial Assets and Financial Liabilities

Amendments to MFRS 1, MFRS 101, MFRS 116, MFRS 132, MFRS 134: Annual Improvements 2009-2011 Cycle

Amendments to MFRS 1: Government Loans

Amendments to MFRS 10, MFRS 11 and MFRS 12: Consolidated Financial Statements, Joint Arrangements and Disclosures of Interest in Other Entities: Transition Guidance

The adoption of the above MFRs and amendments to MFRs did not have material impact on the financial statements upon the initial application on 1 June 2013 except as discussed below:

MFRS 10 Consolidated Financial Statements

MFRS 10 replaces part of MFRS 127 Consolidated and Separate Financial Statements that deals with consolidated financial statements and IC Interpretation 112 Consolidation – Special Purpose Entities.

Under MFRS 10, an investor controls an investee when (a) the investor has power over an investee, (b) the investor has exposure, or rights, to variable returns from its investment with the investee, and (c) the investor has ability to use its power over the investee to affect the amount of the investor's returns. Under MFRS 127 Consolidated and Separate Financial Statements, control was defined as the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

MFRS 10 includes detailed guidance to explain when an investor that owns less than 50 per cent of the voting shares in an investee has control over the investee. MFRS 10 requires the investor to take into account all relevant facts and circumstances, particularly the size of the investor's holding of voting rights relative to the size and dispersion of holdings of the other vote holders. The application of MFRS 10 has no impact on the Group's and the Company's financial position or financial performance.

MFRS 11 Joint Arrangements

MFRS 11 replaces MFRS 131 Interests in Joint Ventures and IC Interpretation 113 Jointly-Controlled Entities - Non-monetary Contributions by Venturers.

The classification of joint arrangements under MFRS 11 is determined based on the rights and obligations of the parties to the joint arrangements by considering the structure, the legal form, the contractual terms agreed by the parties to the arrangement and when relevant, other facts and circumstances. Under MFRS 11, joint arrangements are classified as either joint operations or joint ventures.

A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement. A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement.

MFRS 11 removes the option to account for jointly controlled entities ("JCE") using proportionate consolidation. Instead, JCE that meet the definition of a joint venture must be accounted for using the equity method. The application of MFRS 11 has no impact on the Group's and the Company's financial position or financial performance.

MFRS 12 Disclosures of Interests in Other Entities

MFRS 12 includes all disclosure requirements for interests in subsidiaries, joint arrangements, associates and structured entities. A number of new disclosures are required. This standard affects disclosures only and has no impact on the Group's financial position or performance.

MFRS 13 Fair Value Measurement

MFRS 13 establishes a single source of guidance under MFRS for all fair value measurements. MFRS 13 does not change when an entity is required to use fair value, but rather provides guidance on how to measure fair value under MFRS. MFRS 13 defines fair value as an exit price. As a result of the guidance in MFRS 13, the Group re-assessed its policies for measuring fair values, in particular, its valuation inputs such as non-performance risk for fair value measurement of liabilities. MFRS 13 also requires additional disclosures. Based on the initial assessment upon adoption of this MFRS 13, the Group does not foresee any material impact on its financial position or performance.

Amendments to MFRS 101: Presentation of Items of Other Comprehensive Income

The amendments to MFRS 101 introduce a grouping of items presented in other comprehensive income. Items that will be reclassified ("recycled") to profit or loss at a future point in time (eg. net loss or gain on available-for-sale financial assets) have to be presented separately from items that will not be reclassified (eg. revaluation of land and buildings). The amendments affect presentation only and have no impact on the Group's financial position or performance.

MFRS 127 Separate Financial Statements

As a consequence of the new MFRS 10 and MFRS 12, MFRS 127 is limited to accounting for subsidiaries, jointly controlled entities and associates in separate financial statements.

MFRS 128 Investments in Associates and Joint Ventures

As a consequence of the new MFRS 11 and MFRS 12, MFRS 128 is renamed as MFRS 128 Investments in Associates and Joint Ventures. This new standard describes the application of the equity method to investments in joint ventures in addition to associates.

At the date of authorisation of these interim financial reports, the following MFRSs, amendments to MFRSs, and IC interpretation were issued but not yet effective and have not been applied by the Group:

The directors expect that the adoption of the above standards and interpretations will have no material impact on the financial statements in the period of initial application, except as discussed below:

MFRS 9 Financial Instruments

MFRS 9 reflects the first phase of work on the replacement of MFRS 139 and applies to classification and measurement of financial assets and financial liabilities as defined in MFRS 139. The standard was initially effective for annual periods beginning on or after 1 January 2013, but Amendments to MFRS 9: Mandatory Effective Date of MFRS 9 and Transition Disclosures, issued in March 2012, moved the mandatory effective date to 1 January 2015. Subsequently, on 14 February 2014, it was announced that the new effective date will be decided when the project is closer to completion.
